VIA HAND DELIVERY

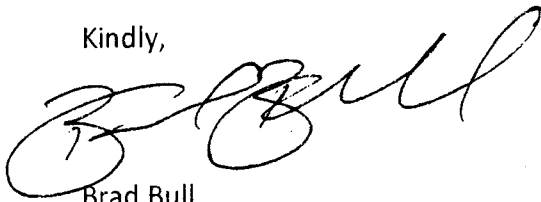

RE: Lot 6 Sipsev Cove Plat No. One

Dear Mr. Criss:

Per our conversations, the purpose of this letter is to formally request a variance from Section 5.4.4 of the Subdivision Regulations of Tuscaloosa County. The reason for the request is that the culvert in question has already been covered with a concrete driveway. The culvert has had several rain events since installation and appears to be functioning as it should. It does not appear that removal of the culvert and reversing how it is laid would prove to be any benefit when weighed against the cost of the removal and replacement of the concrete drive.

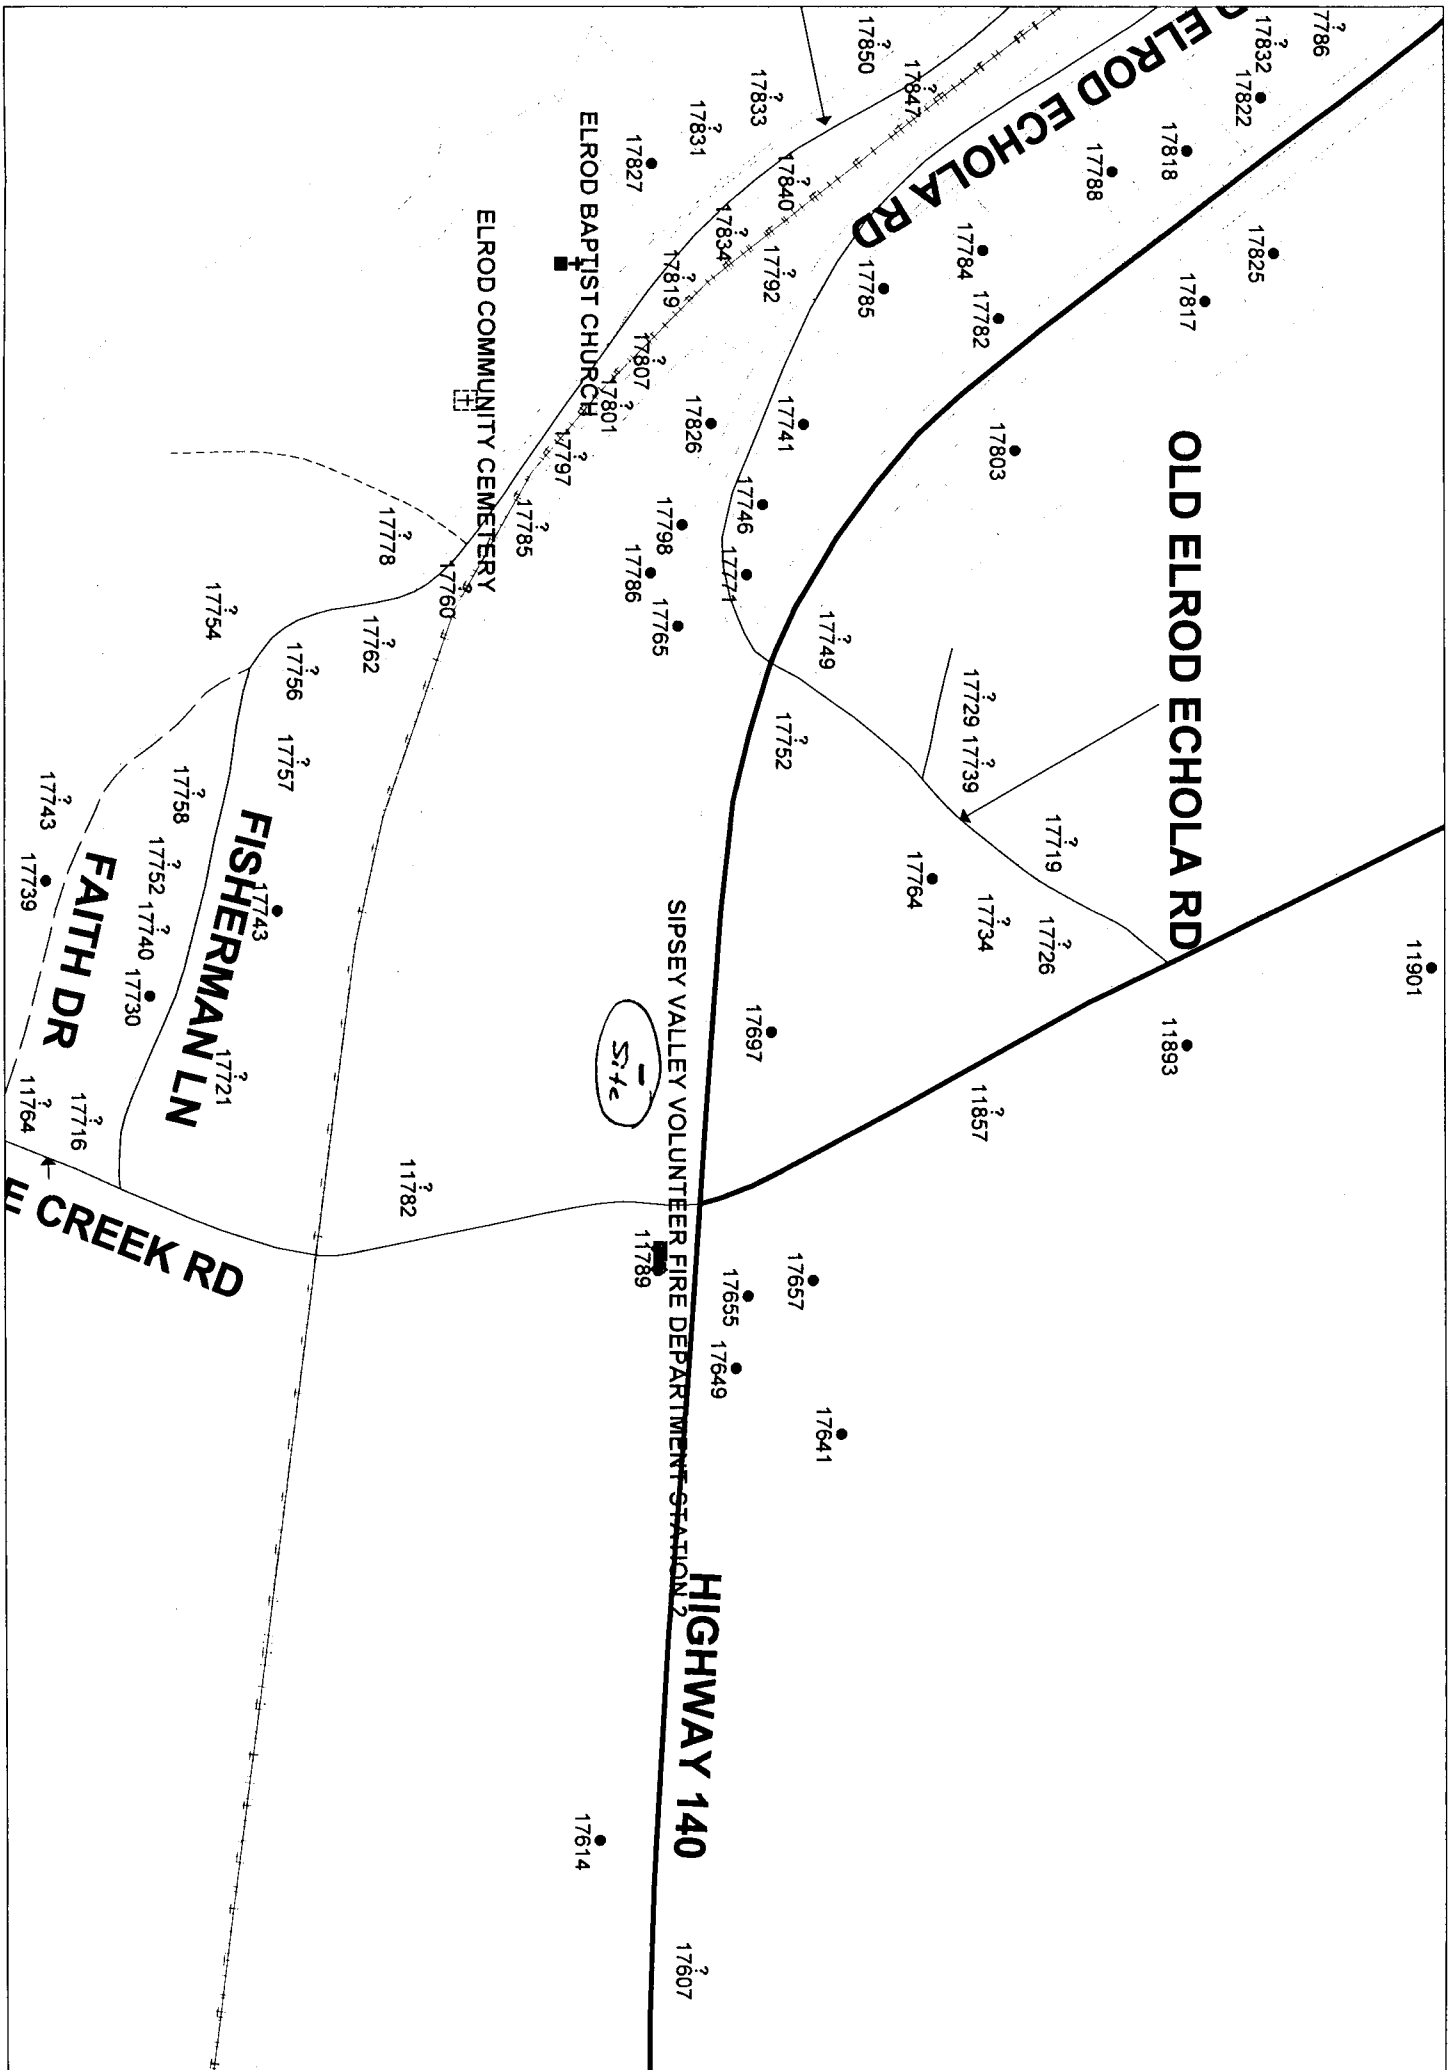

Should you have any questions, please feel free to contact me at (205) 343-7744.

Kindly,
