BID FOR STRUCTURAL CONCRETE

Bids made out in pencil will not be accepted. Brand names, catalog numbers, etc. are used to indicate levels of quality. If the bidder is unable to furnish an item as specified and desires to offer a substitute, provide a full description of the item, including descriptive literature and/or manufacturer's specifications, along with any supplemental additional information necessary to compare the item bid with the requirements set forth in the bid form, or the bid may be rejected. Any attachment hereto is made and becomes a part of this inquiry and must be signed by bidder. No errors will be corrected after bids are opened. No prices shall include State or Federal Excise Taxes. Tax exemption certificates will be furnished upon request.

The county reserves the right waive any informalities in the bids or bidding process, to reject any or all bids, and to accept the bid best suited to its needs, which takes into consideration both the lower unit price and specified delivery which includes availability of materials. Quantities listed below are approximate only. There shall be no contract adjustments in the unit prices for any increase or decrease in the unit quantities.

Bids are requested for furnishing structural concrete to Tuscaloosa County during the period October 1, 2018 through September 30, 2019. Materials to be furnished in mixes as indicated and delivered to job sites county-wide or the county bridge yard as directed. Materials to be furnished shall meet the requirements of the current edition of the Alabama Department of Transportation Standard Specifications for Highway Construction, 2018 Edition or edition applicable to the material at time of bid opening.

The bidder agrees to furnish the above at the prices shown and guarantee that each item offered will meet or exceed all specifications, conditions and requirements listed for same. The term of this bid is for one year (October 1, 2018 through September 30, 2019) and may be extended for a period mutually agreed upon by Tuscaloosa County and the successful bidder not to exceed a total of three years.

The class-type and quantities are listed below. Precast, Nonprestressed Concrete for bridge members has a 5,000 psi design strength. The delivery point for the precast, nonprestressed concrete for bridge members is the Tuscaloosa County Bridge Yard at 2810 35th Street, Tuscaloosa. The minimum order for this mix is 2 cubic yards.

The design mix for precast, nonprestressed concrete shall be approved by the Alabama Department of Transportation and shall be submitted to the Tuscaloosa County Engineering Department prior to batching any concrete. The design mix approval by ALDOT shall be obtained in October of each year covered by this bid.
