Cost of survey is \$3,171.75.

**RESOLUTION AND AGREEMENT TO PARTICIPATE IN
THE COUNTY JOINT BID PROGRAM'S REGIONAL
DEBRIS REMOVAL AND MONITORING SERVICES
JOINT BID PROJECT**

WHEREAS, Code of Alabama 1975, § 41-16-50 authorizes two or more counties in the state to enter into agreements for the joint bidding and purchase of items required to be bid under Alabama's competitive bid; and

WHEREAS, the Association of County Commissions of Alabama (hereinafter "the Association") has since 2000 administered a statewide joint bid program for counties pursuant to Code of Alabama 1975, § 41-16-50 for the joint bidding of certain equipment, materials, and supplies required to be competitively bid under Alabama's competitive bid law; and

WHEREAS, due to the need in every county for professional and economical debris removal and monitoring services which can be operational in any county immediately following a disaster necessitating such services, the Association will be conducting regional joint bids for debris removal contracts and for monitoring services contracts which, once executed, can be utilized by each county in a region as needed for disaster response (hereinafter referenced as "the project"); and

WHEREAS, pursuant to Code of Alabama 1975, § 41-16-50, each county desiring to participate in the project is required to adopt a similar resolution, signifying its desire to participate and its agreement to the terms and conditions of participation; and

WHEREAS, the Tuscaloosa County Commission desires to join and participate in the project for debris removal and monitoring services as a member of Region 5 and understands and agrees to the procedures as set out below:

(1) That the Association, a non-profit organization devoted to providing support and services to its membership of the 67 counties in Alabama, shall provide administrative services to the program, and in this regard, shall

- oversee the development of written specifications for services to be bid in the region
- provide notice to respective bidders for all services to be jointly bid in the region as required by law
- open bids pursuant to bid specifications at its office at 100 North Jackson Street in Montgomery, Alabama and
- provide other services as necessary excluding the awarding of the contracts.

(2) That in order to participate, the Tuscaloosa County Commission shall forward to the Association the names and addresses of each person or company who has submitted a written request to be included

in solicitations of bids for debris removal and/or for monitoring services (its "vendor list"), and that following receipt of said vendor lists, the Association shall provide notice of all bid offerings to each applicable person or company if those services are being bid, as provided in Code of Alabama 1975, § 41-16-54.

(3) That in compliance with Code of Alabama 1975, § 41-16-54, the Tuscaloosa County Commission shall not be eligible to utilize services under a contract awarded through the project unless it has provided the Association with its vendor list for those services, if such a list is held by the county.

(4) That the Association will provide the county with a notice of each solicitation for bid and in compliance with Code of Alabama 1975, § 41-16-54, the Tuscaloosa County Commission shall post said notice on a bulletin board in the county's purchasing office.

(5) That in compliance with Code of Alabama 1975, § 41-16-54, the Tuscaloosa County Commission agrees that it shall not be eligible to utilize the services included in a contract awarded through the project unless it has posted such notice.

(6) That following the opening of bids, the Fayette County Commission will serve as awarding authority for Region 5 and shall determine the lowest responsible bidder and award any contract for the Region at a regular meeting of the Fayette County Commission.

(7) That the Association shall not serve as the awarding authority for any services bid through the project.

(8) That participation in this project is strictly voluntary, and that, subject to the conditions set out in paragraphs 2, 3, 4, and 5, once a contract has been awarded through the project, the Tuscaloosa County Commission may utilize the contract services during the contract period under the terms of and at the price established under the contract, but shall not be required to purchase any of the services awarded through the project.

(9) That if the Tuscaloosa County Commission decides to utilize debris removal or monitoring services other than through the project, it must separately bid those services if such bidding is required by Alabama's competitive bid law.

(10) That following the award of a regional contract under the project, the Tuscaloosa County Commission shall deal directly with the successful vendor to activate the services available under the contract, and that there shall be no joint purchasing agent representing any of the counties participating in the project.

(11) That the Tuscaloosa County Commission shall remain a member of the project so long as it desires and agrees to participate in this joint bid agreement under its terms and conditions, and that the Tuscaloosa County Commission shall give at least thirty (30) days notice to the Association of its intent to terminate its participation in the project.

(12) That at the expiration of the thirty days termination notice, the Tuscaloosa County Commission shall be removed from this project and from any correspondence or advertisement regarding the project or any services to be bid under its terms and conditions.

(13) That following its termination from the project, the Tuscaloosa County Commission shall not be eligible to utilize the services under the terms and at the cost of the regional contract, and will be required to bid all such services on its own under the requirements of Alabama's competitive bid law.

(14) That this resolution, once adopted by the Tuscaloosa County Commission, shall serve as its agreement and contract with all other counties in Region 5 participating in this project.

(15) That prior to soliciting any bids for services to be jointly bid under this project, the Association shall forward a list of all participating counties to the Office of Examiners of Public Accounts.

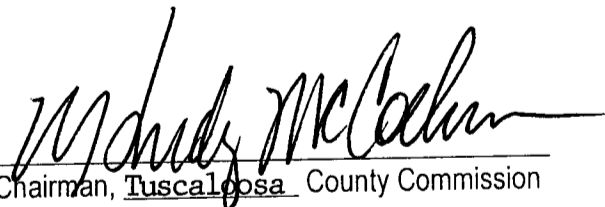

(16) That in order for a county to utilize the services of a contract executed for Region 5 under this project, it must have adopted this resolution prior to the solicitation of bids for debris removal and/or monitoring services, but that once the county has adopted this resolution, it shall remain a member, and subject to the conditions set out in paragraphs 2, 3, 4, and 5 above, shall be eligible to utilize all debris removal and monitoring services thereafter bid for Region 5 under the project until and unless it terminates its participation as set out in paragraphs 11, 12, and 13 above.

BE IT RESOLVED BY THE TUSCALOOSA COUNTY COMMISSION that it agrees to all terms and conditions of the project for regional bidding of debris removal and monitoring services as set out above, and desires to participate in said project.

BE IT FURTHER RESOLVED that it is the intent of the Tuscaloosa County Commission by adoption of this resolution to enter into a joint bid agreement with all other counties in Region 5 participating in this project.

BE IT FURTHER RESOLVED that a copy of this resolution be immediately forwarded to the Association with a request that the Tuscaloosa County Commission be included as a participant of Region 5 for regional bidding of debris removal and monitoring services for all services bid through the project until and unless notified of the County's desire to terminate its participation under the procedures set out in paragraphs 11, 12, and 13 above.

IN WITNESS THEREOF, the Tuscaloosa County Commission has caused this Resolution to be executed in its name and on its behalf by its Chairman on this the 1st day of August, 2012.

Chairman, Tuscaloosa County Commission

RE: Walter Energy, Inc. ROW Request

Dear Mr. Hagler:

Walter Energy, Inc. requests permission to disturb within 100 feet of Hanna Creek Road in eastern Tuscaloosa County. Jim Walter Resources' No. 7 Mine requests to be able to route a freshwater pipeline along the ROW for approx. 330 feet and cross Hanna Creek Road by boring under the road. The area is shown on the attached map and is located in the SW1/4 of the NE1/4, the SE1/4 of the NE1/4 and the NE1/4 of the NE1/4 of Section 2, Township 17 South, Range 8 West.

**RESOLUTION ACCEPTING STREETS IN
69 SOUTH COMMERCIAL PARK SUBDIVISION**

WHEREAS, the County Engineer has reported to the Tuscaloosa County Commission that the County Engineering Department has inspected and found that the streets, together with the drainage structures in the streets in 69 South Commercial Park Subdivision are completed in accordance with the Subdivision Regulations of the Tuscaloosa County Commission, and that all of said construction has been done in accordance with the County specifications.

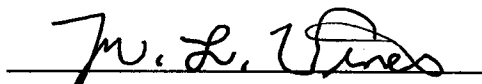

NOW, THEREFORE, BE IT RESOLVED BY THE TUSCALOOSA COUNTY COMMISSION:

1. That the County accept the streets, together with the drainage structures in, and which are a part of, said streets which are located in dedicated street rights-of-way, for maintenance by the Tuscaloosa County Commission. The drainage structures described herein are those structures which are part of or are located in the streets (curb and gutter, catch basins, flumes and pipes) and do not include any natural waterway which drains surface water in the area.
2. This resolution shall be effective on the date of the adoption thereof.

Adopted this the 1st day of August, 2012, by the TUSCALOOSA COUNTY COMMISSION.

GUARANTEED BUY-BACK AGREEMENT

This agreement shall apply to the following machine:

One (1) new 2012 John Deere 220DW or Hitachi ZX220W-3 wheeled excavator with cab and heater/air conditioning, monoblock boom w/ 9'7" arm, front & rear outriggers, Helac PT-11 powertilt, and 60" ditching bucket

On or before the end of five (5) years from the date of delivery or 5,000 service meter hours, whichever comes first, Warrior Tractor & Equipment Company, Inc. agrees to buy back from Tuscaloosa County the above described machine for the sum of \$ 82,600.00.

The following stipulations shall apply:

1. Machine must be enrolled in the 6 year/5,000 hour SECURE extended Powertrain & Hydraulics warranty program
2. At the time of return for buy-back, all major components must be in good operating condition.
3. Machine must be complete with all attachments.
4. Sheet metal, cosmetic, and other accidental damages shall not exceed \$1,000.00.
5. Rubber tires must measure at least 50% remaining on the life of the tires with a depth gauge.
6. Cab structure must be intact without damage or presence of welding. All glass must be intact with no cracks.
7. Tuscaloosa County Commission must adhere to all lubrication and service guide requirements in the Operator's Manual furnished with machine.

Tuscaloosa County Commission must furnish Warrior Tractor with oil samples at intervals as specified in the Operator's Manual. Oil sample kit and analysis will be furnished by Warrior Tractor per your request.
8. Tuscaloosa County Commission must give Warrior Tractor a 90-day advance notice of their intention to exercise the buy-back option.
9. Tuscaloosa County Commission shall have the option of keeping the machine instead of exercising the buy-back.
10. Years and hours of operation specified in the agreement are to be adhered to. Warrior Tractor & Equipment Company, Inc. and Tuscaloosa County Commission representatives will inspect machine at the time of delivery. Hour meters and serial numbers will be read and recorded. At the time the buy-back option is exercised, the machine will again be inspected and hour meters and serial numbers will again be read.

BID BOND

Dear Mr. Lamb,

Thank you for the assistance provided to us during the inspection process that was necessary for us to provide you with the enclosed offers.

Ritchie Bros. proposes to sell your equipment by unreserved public auction at our yard in Atlanta, GA on September 20, 2012.

Based upon current market conditions, we are pleased to offer Tuscaloosa County the following proposal for the disposal of this equipment.

NET guarantee of Individual Items

- Ritchie Bros. would offer Tuscaloosa County an individual **NET guarantee** for the below listed equipment.
- Ritchie Bros Auctioneers would be responsible for the delivery of the equipment to our Atlanta, GA auction site. Equipment would be refurbished to a standard acceptable to both Ritchie Bros. and Tuscaloosa County. The equipment would contain a minimum of 30% fuel and start, unassisted, at the turn of the key, with a minimum 50% or better tires.
- Ritchie Bros. Auctioneers to arrange and pay for the cost of transportation.
- Under this proposal, Ritchie Bros. would NET guarantee Tuscaloosa County the following:
 1. 2006 Badger 1085D Wheeled Excavator
S/N: 060302 **\$18,500**
- This offer expires on August 27, 2012. All equipment must be available upon delivery of new unit.

We thank you for the opportunity to submit our proposal and look forward to receiving your most positive response.

Sincerely yours,

Tuscaloosa County Commission
714 Greensboro Avenue
Tuscaloosa, Alabama 35402
Mr. W.M. Lamb

Mr. Lamb,

Thank you for the opportunity to bid on the book scanner. I wanted to let you know that Business Systems and Consultants has been in business based here in Birmingham, Alabama since 1976 specializing in document management solutions. We have also done business with the City and County of Tuscaloosa for many, many years. We have provided storage solutions for the county, most recently we sold and installed a mobile shelving unit for the District Attorneys office located in the courthouse, and we have also provided Canon microfilm reader printers in several departments over the years.

I recently met with Ms. Brenda Turner to look at the books she will be scanning for this project. The specs call for a book scanner that will scan up to a size of 18" x 28" however when inspecting the books to be scanned most are in the 16" x 18" range with 2 books measuring 17" x 26", but when you open the book there is 3" or so of margin, when you take this into account the actual area needing to be scanned is approximately 17" x 23". I wanted to bring this to your attention as the specs call for a scan area of 18" x 28" but I believe that the Minolta product with a scan area of 18" x 24" will handle your book scanning needs.

I hope you will consider the Konica Minolta PS7000C MKII product as a alternate to the product that was specified in the bid. Konica Minolta is a proven leader in the document management arena and we believe the County Commission will be pleased with not only the product but with the service and support that we at Business Systems and Consultants offer as well.

Sincerely,

OFFICE OF THE SUPERINTENDENT

July 26, 2012

Commissioner Gary Youngblood
Tuscaloosa County Commission
714 Greensboro Avenue
Tuscaloosa, AL 35401

Re: Concrete for Greenhouse Project

Dear Commissioner Youngblood:

For your information and consideration, I have attached a letter from Mrs. Laura McBride, Principal at Brookwood High School, requesting assistance from the Tuscaloosa County Commission for concrete to pour a 30'x60' concrete pad with a 4' height.

We greatly appreciate your consideration of this project. Thank you for all you do for the students in the Tuscaloosa County School System.

Sincerely,

Dan B. Butler
Interim Superintendent of Education

Attachment

Cc: Commission Chair and Judge of Probate W. Hardy McCollum
Commissioner Bobby Miller
Commissioner Reginald Murray
Commissioner Don Wallace

July 25, 2012

Mr. Butler:

Brookwood High School is implementing a new Animal Biotechnology program through the Agriculture Education Program. As part of this program and the grant we received for funding, we will build a greenhouse that will house the aquaculture aspect of this program. In addition, we will utilize the greenhouse to grow plants as part of the overall effort to train students in workforce readiness skills needed in West Alabama.

Through this program, we will accomplish the following:

- promote awareness and develop skills related to Aquaculture, which is one of Alabama's top Agriculture commodities contributing more than \$100,000 million dollars to the state's economy
- prepare students with employability skills for West Alabama
- reach out to additional counties and students through this program and building by teaching ACCESS Distance Learning through the University of Alabama
- influence over 1,500 local Brookwood High and Elementary School students immediately with awareness of potential career pathways
- improve math, science, English, and social study skills by incorporating this project in cross-curricular instruction.

Because of the greenhouse project, I am requesting from the Tuscaloosa County Commission enough concrete to pour a 30'x60' concrete pad with a 4" height. No labor is requested.

If you approve this request, please email this letter and your approval to Lisa Whitehead at lwhitehead@tuscco.com by Monday, July 30, 2012 for the August 1st commission meeting.

Sincerely,

Laura McBride
Principal, Brookwood High School

RENO EXCAVATING, INC

Proposal for the sale of Reno Excavating, Inc. Chert Pit in the amount Of \$950.00.00 to Tuscaloosa County. The sale will be fifty per cent (50%) of sales price at the time of closing, and the balance due on January 2, 2013,
