Dear Judge McCollum,

Attention: Vickie Turnage

My name is Vernita Garriott. My husband and I have been married 44 years. We have adopted nine individuals with special needs, and we have fostered more than 300 children and adults. We realized when we first began adopting this was not a short term project but a lifelong commitment.

Now that our "child rearing" days are over, we are looking toward community- based service. I have a Master's Degree in Special Education and Family Development. After 40 years in this field there are very few circumstances of which I am unfamiliar. I would be willing and pleased to serve on an advisory committee, serving children such as my Victor and Becky. Oh, some people might be interested in knowing I am visually impaired, being legally blind.

Sincerely yours,

Vernita Garriott

Vicki,

I would like to resign from my position on the Board as I have not been able to be present due to me working out of the county. I feel that I am preventing someone who could play more of a participatory role in cause as important as yours. I am so sorry for not being able to be more of a contributing member but my current position has had so many unexpected twists and turns that have led to me not being able to be in town very much.

Thank you,
Shea Cobb-England
