MEMORANDUM

To: All Wet County Commissions
From: Summer Childers
Licensing and Compliance Division Director

Subject: County Levies for Alcohol Licensing

Sec. 28-3A-4, Code of Alabama, requires the Alcoholic Beverage Control Board to collect all county license fees for all new license applications and renewed licenses. In order for this program to be set up for fiscal year 2017-2018, the **attached form must be completed** listing all amounts set by your county in column three (3). **If your county does not wish to make changes to the fees for a particular license type, please indicate that by writing "no change".**

Limitations of the maximum amount of county fees for the following ten (10) types of licenses have been set.

<u>Type</u>	<u>Maximum County Fee</u>
Retail Beer (On or Off Premises)	\$75.00
Retail Beer (Off Premises Only)	\$75.00
Retail Table Wine (On or Off Premises)	\$75.00
Retail Table Wine (Off Premises Only)	\$75.00
Wholesale Beer Only	\$275.00
Wholesale Table Wine Only	\$275.00
Wholesale Table Wine and Beer	\$375.00
Additional Warehouse Wine or Beer or Both	\$100.00
Importer	\$250.00
Brewpub	\$500.00

Please supply us with this information no later than **April 21, 2017**. This form must be signed by an authorized county official. Please return your completed document to **McKenzie.Reed@abc.alabama.gov** or mail to the address above. If there are any changes in your contact information, it is your responsibility to notify the ABC Board as soon as possible.

AUCTION PROPOSAL

Dear Sirs,

Deanco Auction Company is pleased to present the following auction proposals for liquidation of your surplus items listed in the attached "Exhibit A".

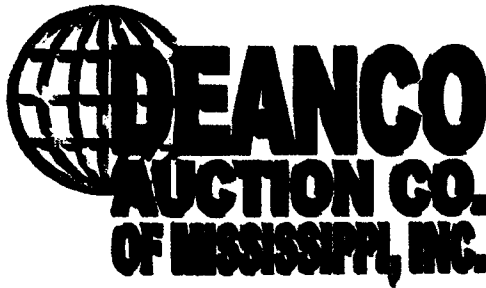

1. Services Offered by Deanco Auction Company :

- a. Guarantee all auction proceeds and assume full responsibility for collection of funds from the sale of your surplus equipment.
- b. Provide all licenses and other bonds required to conduct this auction.
- c. Provide premises liability insurance.
- d. Make full settlement to Seller within ten (10) working days of auction.
- e. Provide to assist in transportation of the equipment listed in "Exhibit A" from your location to the Deanco Philadelphia, MS sale site.
- DWD* f. Provide a cleaning service to detail your equipment at ~~minimal~~ ^{No} cost to you.
- g. Suggest any minor repairs or refurbishment that will increase the auction value.
- h. Take photos of the equipment listed in "Exhibit A" for our advertising purposes and Internet bidders. This will require some assistance from your personnel coordinating photo opportunities.
- i. Design, print and direct mail more than 105,000 full color brochures to our customers located throughout the United States and over 800 International Buyers.
- j. Pay all postage and advertising expenses for the auction.
- k. Collect and submit all applicable state sales and use taxes for this auction according to the regulations set forth by the governing authority.
- l. Provide all labor and supplies needed to set up and conduct the auction in an organized and professional manner.
- m. Provide security for the consignor's equipment two (2) weeks prior the auction.
- n. Print a detailed, descriptive buyers guide for registered bidders at the sale. This catalog will also be available online at our website.
- o. Provide Online Internet Bidding and Online Inspection Reports to allow buyers who cannot attend the sale in person to buy your equipment over the Internet.
- p. Provide adequate concessions (food, drink, etc.) and restrooms for the auction.

2. Recommended Dates of Auction :

Deanco Auction urges you to sell your surplus late-model equipment at this upcoming Contractor's Equipment Sale:

*Within 180 days of bid date
in the same or better condition when inspected*

This auction has already been widely publicized and we have already received a tremendous response. Also, this sale will have Live Internet Bidding in conjunction with our conventional auction, a valuable addition to our sales, often resulting in over ten percent of total sales.

3. Auction Locations Offered :

Philadelphia, Mississippi

This auction will be located at our permanent auction facility in Philadelphia, Mississippi. This established sale site boasts a 3,800-foot paved and lighted private airstrip and is located only minutes away from The Pearl River Resort (one of the top tourist attractions in Mississippi). This is truly one of the nicest auction facilities in the United States. This sale will positively be one of the largest auctions held in the Southeast in 2017. This auction will definitely be a great opportunity to offer your for sale to contractors, dealers, and related buyers from all over the U.S.

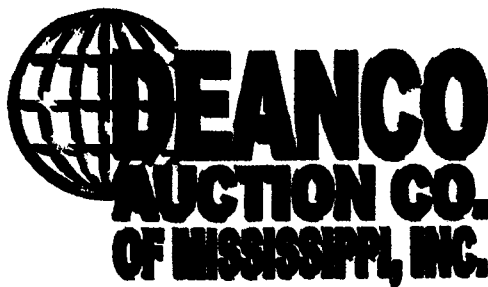

4. Responsibilities of Seller :

- a. Seller shall provide an opportunity for Deanco Auction personnel to make group photos of the your surplus equipment listed in "Exhibit A" for our advertising, at least one month prior to the sale date.
- b. The surplus equipment listed in "Exhibit A" shall be in the same condition as when appraised other than normal wear, hours and mileage. All should start, run and operate properly and have no other problems that could hinder a drive through auction. In addition, all tires on the equipment listed in "Exhibit A" shall have 50% minimum tread depth and no major cuts or damage.
- c. All items in "Exhibit A" shall be without liens. Titles for any titled vehicles shall be delivered to Auctioneer before the auction date.

5. Appraisal Of Seller's Surplus Equipment :

Deanco Auction Company offers an appraised value of the Seller's surplus equipment listed in the attached "Exhibit A" in the total amount of \$ _____ If sold at Deanco Auction on the sale date listed above.

6. Our Commission Rates :

a. **Straight Commission Sale:** Deanco Auction Company will conduct the auction of the Seller's equipment listed in the attached "Exhibit A" for a straight commission of Five Percent (5%) of the last bid made or received.

b. **Guarantee Gross Sale:** Deanco Auction Company will guarantee gross sales of the Seller's surplus equipment listed in the attached "Exhibit A" to be no less than the appraised value of \$ 180,000 less the normal seven Percent (7%) commission charged for the guaranteed sale. Furthermore, Seller will positively receive a *guaranteed net minimum* of no less than \$ 167,400 from the sale of their surplus equipment listed in "Exhibit A", payable to Seller within 10 days or on the day of sale.

I would like to personally thank you for allowing Deanco Auction Company to submit this auction proposal. I can assure you that all the personnel of Deanco Auction Company will work hard to make this auction of your surplus equipment as successful as we have for many other Alabama, Mississippi, Florida, and Georgia counties, contractors, and equipment dealers in the past sales.

Sincerely,

D. W. Dean

SPECIFICATIONS FOR BACKHOE/LOADER

General:

It is the intent of these specifications to set forth the minimum requirements, in accordance with manufacturer's standard published specifications for 4 new 2017 model backhoe loaders with a minimum 12 months full machine warranty and extended powertrain and hydraulic warranty of not less than 5 year/5000 hours (whichever occurs first). The items described herein shall be completely assembled and adjusted and all equipment, standard or optional, shall be installed and ready for use upon delivery. Any items or equipment not specifically set forth herein, but required for proper operation or required to meet Federal and State safety standards shall be furnished to the County at no additional cost. Vendors shall provide sufficient literature to demonstrate that their machine proposal meets all of these specifications. Any additions or deviations from the specifications or optional equipment shall be itemized on a separate sheet and attached to the bid proposal. Failure to do so or failure to bid on all items will result in rejection of the bid.

The intent of the Tuscaloosa County Commission is to make the selection based on the best product submitted for consideration. Awarding of the bid may not necessarily be based solely on the lowest price. Other factors that will be considered are: ability to use currently owned tool attachments without modification to the tools or machine, distance to parts and service facility, time required for delivery, availability of replacement parts, machine performance, service records, ease of operation, anticipated resale value, and comments from previous users.

A bid bond in the amount of 5% of the bid amount up to a maximum of \$10,000.00 must be furnished to the Tuscaloosa County Commission along with the bid submittal. Failure to provide bid bond with bid will cause bid to be rejected. Bidder may submit a cashier's check drawn on an Alabama bank to the order of the Tuscaloosa County Commission equal to 5% of the amount bid up to a maximum of \$10,000.00 in lieu of a Corporate Surety, under the same terms.

The successful bidder shall furnish operator training by factory certified representatives at the Tuscaloosa County Shop location on 35th Street.

Tuscaloosa County reserves the right to reject any or all bids based upon the best overall benefit to the county.

Service and Warranty:

Minimum warranty shall be 12 months full machine warranty and 5 year/5000 hour (whichever occurs first) extended power train and hydraulic system warranty. Warranty is to include scheduled oil sampling at no additional charge. Vendor shall pay any costs of inspections and adjustments that may be necessary in accordance with the warranty. It is essential that repair parts and service be adequate and readily available.

Bidders shall submit a copy of the manufacturer's standard warranty and a 5 year/5000 hour extended power train and hydraulic system warranty along with a complete explanation of the warranty with their bid. Warranty shall include service response time of a maximum of 36 hours upon notification by the County. In the event that a backhoe loader is

Exp3 - 3

taken out of service due to warranty repairs, a replacement unit shall be provided at no cost to the County if the warranty repairs take more than 36 hours.

Parts and Service Manuals:

The vendor shall furnish 2 complete sets of parts manuals, 2 service manuals and 1 operators manual for each machine. Each machine shall come equipped with 4 sets of keys.

Basic Design:

The machine set forth by these specifications is to be a multi-purpose use 4-wheel drive rubber tire backhoe loader. The rear of the machine is to be equipped with an excavator style boom with an extendable stick, quick change backhoe coupler for work attachments and a backhoe bucket with teeth. The front of the machine is to be designed for quick-change multi-purpose use work tools to include but not limited to various loader buckets, utility forks, and material handling arm, angle blade, and hydraulically powered broom. The machine shall be so designed whereby these work tools can be quickly changed with minimal time and effort.

Tuscaloosa County currently owns a number of work tools for their existing backhoe loaders. These include buckets, forks, root rake, material arm, asphalt cutter, and hydraulic broom. Further, tool attachments on the rear boom include a compactor and auger. The machine being bid must be able to attach to and utilize these work tools in the proper manner without modification to either the work tools or the machine. These existing tools are available for inspection at the Tuscaloosa County Shop.

Drive:

The machine will be equipped to have 4 wheel drive that can be engaged on-the-go from the operator's station.

Engine:

The machine shall be powered by a minimum of a 4 cylinder Final Tier 4 turbocharged diesel engine, minimum of 268 cubic inch displacement developing at least 106 horsepower and 316 foot pounds of torque. It shall have a cold weather starting aid, dry type air cleaner, fuel filter, water separator, and heavy duty high ambient engine cooling package with extended life antifreeze.

Hydraulic System:

The pump shall be variable displacement piston design with a minimum capacity at 2200 rpm of 41 gpm at a minimum of 3600 psi. The system shall include load sensing closed center hydraulics and hydraulic oil cooler. The hydraulic system capacity shall be a minimum of 24 gallons.

Loader Controls:

The machine shall be equipped with a single lever control for bucket lift and tilt with automatic self-leveling and return-to-dig.

Ex 3-3

Backhoe Controls:

The machine shall be equipped with two lever excavator style joystick controls with pattern control changer to switch between excavator and backhoe control patterns from inside of the cab.

Stabilizer Control:

The machine shall be equipped with two lever or switch operated rear stabilizers with individual control for each. Stabilizer pads shall be flip-over design for use on either dirt or pavement. Stabilizer spread in the operating position shall have a minimum overall width of 12 feet 4 inches.

Transmission:

The transmission shall be a full power shift or power shuttle design with minimum of 4 forward and a minimum of 3 reverse with power shuttle and be fully synchronized for on-the go shifting in all gears. The machine shall be equipped with a neutral start provision to prevent starting the machine in gear; a single stage torque converter; and a transmission neutralizer button.

Electrical System:

The electrical system shall be 12 volt, with a minimum of a 90 amp alternator, a single maintenance free battery having a minimum of 880 CCA. Machine shall be equipped with both an internal and external 12-volt power receptacle.

Brakes:

The brake system shall be foot operated, oil disc with pedal interlock for single action on road use and dual action for work site use. Machine must be capable of four wheel braking while being operated on road in two-wheel drive. Service brakes are to be self-adjusting and completely enclosed and sealed. The machine shall be equipped with an automatic or manual hand lever operated or switch operated secondary and parking brake independent of service brake system.

Steering:

The steering shall be hydrostatic power steering with emergency steering capacity in the event of power failure. The front steering angle shall be a minimum of 50 degrees.

Tires:

The machine shall be equipped with tires that are in accordance with manufacturers standard specifications being a minimum 21L-24R-4 12PR on the rear and 12.5/80-18 12PR on the front. Rims shall be equipped with valve stem protection.

Axle Rating:

The machine shall have a minimum dynamic rating of 13,228 pounds on the front and 15,432 pounds on the rear. The rear axle shall have a differential lock/unlock. The front axle shall oscillate a minimum 9 degrees each direction from centerline.

Exp3-3

Operating Weight:

Machine operating weight shall be a minimum of 18,000 pounds including air conditioned cab, extendable backhoe stick, front counterweight, standard G-P loader bucket with replaceable cutting edge, 24 inch backhoe bucket, mechanical link thumb, reversible stabilizer pads and front wheel drive with driveshaft guard. The minimum operating weight does not include the weight of any other attachment or work tool.

Fuel Tank Capacity:

The machine shall have a 37 gallon minimum tank with ground line fuel fill.

Gauges:

The machine will be equipped with a tachometer, hour meter, ammeter, fuel level, hydraulic oil level sight gauge, engine oil pressure and engine coolant temperature gauges. The machine shall be equipped with audible alarms for engine oil pressure and coolant temperature. The machine shall also be equipped with an air cleaner service indicator, brake on warning and bucket level indicator.

Lights:

The machine shall be equipped with a minimum of 4 front and 4 rear halogen working lights; stop and tail lights; signal lights; flashing hazard lights; instrument panel lights and a dome light.

Cab:

The machine shall be equipped with an enclosed ROPS/FOPS Level 2 cab. The cab shall be equipped with heater, defroster and air conditioner, front and rear windshield wipers; left and right side doors with locks and opening windows, rubber floor mat, tilt steering wheel, 12-volt auxiliary receptacle, rear view mirror, front view mirror, AM/FM radio and headliner.

Safety Equipment:

The machine shall be equipped with a front horn, backup alarm, travel lock for backhoe boom, mechanical lock for holding loader bucket in raised position during engine service; full length front driveshaft guard, flashing hazard signal lights, swing transport lock, transport tie downs and cab mounted fire extinguisher.

Seat:

The seat shall be fabric covered, swivel air suspension, adjustable with armrest and retractable seat belt.

Front Loader:

The front loader linkage shall be integrated tool carrier design with integral quick-coupler for changing of work tools. Work tools shall be retained by hydraulically operated keeper pins. Auxiliary hydraulics controlled from the operator's seat shall be provided with hydraulic hose quick disconnects for operation of hydraulic attachments such as brooms, compactors and augers. Machine shall be supplied with general purpose loader bucket.

Exp3-3

Loader Bucket:

The front bucket shall be a minimum of 89 inches wide with a minimum of 1.3 cubic yards SAE rated capacity. The machine shall have a 6,800 pound minimum lift capacity at full loading height; 10,600 pound minimum breakout force and minimum dump height of 8 feet 5 inches at maximum bucket dump angle. Loader is to be self-leveling with return-to-dig. Bucket shall include reversible bolt on cutting edge. Bids for machines exceeding the lift capacity of the machine according to SAE J31 will not be accepted.

Backhoe Bucket and Extendable Stick:

The backhoe bucket shall be a 24 inch wide heavy duty bucket with bottom side wear strips, 5 replaceable teeth and a minimum of 6.2 cubic foot capacity. The machine shall meet or exceed the following specifications:

Minimum Bucket Digging Force: 14,800 lbs

Minimum Bucket Rotation: 190 degrees

Minimum Swing Arc: 180 degrees

Minimum SAE Digging Depth: 15' - 9" retracted, 19' - 6" extended

Minimum Loading Height: 12' - 8" retracted, 14' - 10" extended

Minimum reach from Swing Point at ground line: 19' - 9" retracted, 23' - 5" extended

With the extendable stick in the retracted position, lift capacity of backhoe to be no less than 2,950 pounds (boom lift) 4,950 pounds minimum (dipper lift) at 8 feet in height and using an extendable stick with the reach specified above as per SAE J31. Bids for machines exceeding the lift capacity of the machine according to SAE J31 will not be accepted.

Backhoe with bucket at full rotation must be capable of reaching a minimum of 17' - 9" high with stick retracted and 20' - 7" high with stick extended.

Bidder shall attach a lift capacity curve of the machine proposed.

A manufacturer designed and installed integral lifting eye shall be incorporated into the bucket linkage for safely lifting of heavy objects. A lifting eye welded to back of bucket is not acceptable.

Auxiliary hydraulics controlled from the operator's seat shall be provided to the mid point of the backhoe stick with hydraulic hose quick disconnects for the operation of both one-way and two-way flow hydraulic work tools such as hammers, compactors, and augers.

Miscellaneous:

The machine shall be equipped with a lockable tool box and engine compartment enclosure; rear fenders; a minimum 510 lb stackable front counterweight; hand and foot throttle, transmission disconnect (neutralizer) on shift lever and front control lever (as needed for non power shift).

Exp3-3

Heavy Duty Thumb:

The machine shall be equipped with a heavy duty mechanical link excavator thumb. The thumb shall be mounted on the underside of boom, shall fold down for use and shall be flat against the boom when not in use. The thumb shall be constructed of a minimum steel grade of T-1. Thumb shall be either designed and supplied by machine manufacturer or certified by machine manufacturer for use on machine being bid.

Buyback Option:

Vendors shall submit a guaranteed buyback price at a minimum of 5 years or 5,000 hours (whichever occurs first) from the date of delivery. Vendor shall furnish a performance bond or an executed buyback agreement in the amount of the buyback price. The County reserves the right to accept or reject this option based on the best overall benefit for the County.

Trade-in, Individual Bids or Consignment Auction:

The County will accept trade-in bids, individual bids, and guaranteed auction consignment proposals on the 4 listed Caterpillar Backhoe Loaders:

2012 Caterpillar 430F Backhoe Loader, S.N. RGS00266

2012 Caterpillar 430F Backhoe Loader, S.N. RGS00269

2012 Caterpillar 430F Backhoe Loader, S.N. RGS00268

2012 Caterpillar 430F Backhoe Loader, S.N. RGS00267

The County reserves the option to trade the backhoe loaders in on new backhoe loaders, sell the backhoe loaders individually, or consign the backhoe loaders to a licensed auctioneer at a guaranteed minimum price. Tuscaloosa County will continue to use the backhoe loaders until new replacement backhoe loaders are placed into service. The used backhoe loaders will be available for pickup upon delivery of new replacement backhoe loaders by the selected dealer. The backhoe loaders will be made available for pickup in the same condition that they were in on the bid date. A bid bond, cashier's check, bank letter of credit, or other type security approved by the County Commission shall be required for any bid or auction consignment proposal submitted. Appointments may be made to inspect the backhoe loaders by contacting Kris Connell, County Shop Superintendent at 722-0569

Failure to bid on all requested items and options may result in the rejection of the bid.

Delivery:

Delivery may be a factor in awarding the bid. Delivery shall be made within 180 days of the date of the award of the bid.

GUARANTEED BUY-BACK AGREEMENT

This document is to serve as a Guaranteed Buy-Back Agreement between Thompson Tractor Company, Inc. and the Tuscaloosa County Commission.

This agreement shall apply to the following machines:

Four (4) Caterpillar 430F2 IT Backhoe Loaders. Equipped with ROPS cab, air conditioning, Integrated tool carrier, 4-wheel drive, E-stick, GP front bucket, 24" backhoe bucket, front and rear quick couplers, mechanical thumb, 12.5/80-18 front tires, 21L-24 rear tires

Serial Numbers:

On or before the end of 5 years or 5,000 service meter hours, whichever occurs first Thompson Tractor Company, Inc. agrees to buy-back from the Tuscaloosa County Commission the above described machine for the sum of **\$45,000.00** Each

The following stipulations shall apply:

1. Machine must be enrolled in the Caterpillar 5 year or 5,000 hour Extended Powertrain and Hydraulic Warranty Program.
2. At time of return for buy-back, all major components (engine, transmission, hydraulics, axles, brakes, etc...) must be free from damage and in good operating condition.
3. Machine shall be complete with all attachments and accessories as outlined in the bid specifications and delivered to the commission. These tools must be returned with a minimum of 50% wear life remaining.
4. Sheet metal, cosmetic, and other accidental damage shall not exceed \$500.00.
5. Rubber tires must measure at least 50% remaining on the life of the tire with a depth gauge.
6. All safety related items must be intact and functional. These items include back-up alarms, glass seatbelts, parking and service brakes. Roll Over Protective Structure (ROPS) must be intact without damage or presence of welding.

Effective with sales to the first user on or after January 1, 2010

CATERPILLAR LIMITED WARRANTY

Earthmoving, Construction, Material Handling, Forestry Products, and Paving Product Machines
For Selected Models Designated by Caterpillar With 12 Month/Unlimited Hour Warranty

(USA and Canada)

Caterpillar warrants the following products sold by it and operating within the geographic area serviced by authorized USA and Canadian Caterpillar dealers to be free from defects in material and workmanship.

In other areas different warranties may apply. Copies of applicable warranties may be obtained by writing to Caterpillar Inc., 100 N.E. Adams St., Peoria, IL 61629.

- New earthmoving, construction, material handling, forestry products, and paving product machines designated by Caterpillar as having 12 month/unlimited hour warranty. See your Caterpillar dealer for a complete listing of covered models.

- New engines used as replacements in such Caterpillar product.

- Attachments installed on such machines prior to delivery (unless covered by the Caterpillar Work Tool warranty statement or another manufacturer's warranty).

An additional warranty against breakage is applicable to certain Caterpillar brand Ground Engaging Tools. An additional warranty against wear is applicable to all landfill compactor tips when used in residential waste landfills. Refer to the applicable warranty statements for coverage detail.

This warranty does not apply to Caterpillar brand batteries, Mod-Trac belts or Caterpillar Work Tools, which are covered by other Caterpillar warranties.

This warranty is subject to the following:

Warranty Period

For new machines and attachments, the warranty period is 12 month/unlimited hours, starting from date of delivery to the first user.

For new replacement engines, the warranty period is 6 months, starting from date of delivery to the first user.

Caterpillar Responsibilities

If a defect in material or workmanship is found during the warranty period, Caterpillar will, during normal working hours and at a place of business of a Caterpillar dealer or other source approved by Caterpillar:

- Provide (at Caterpillar's choice) new, Remanufactured, or Caterpillar-approved repaired parts or assembled components needed to correct the defect.

Note: Items replaced under this warranty become the property of Caterpillar.

- Replace lubricating oil, filters, antiseize, and other service items made unusable by the defect.

- Provide reasonable and customary labor needed to correct the defect, except in the case of a new replacement engine originally installed by other than a Caterpillar dealer or source approved by Caterpillar. In this case, labor is limited to repair only, and removal and installation is the user's responsibility.

User Responsibilities

The user is responsible for:

- Providing proof of the delivery date to the first user.

- Labor costs, except as stated under "Caterpillar Responsibilities."

- Transporting costs, except as stated under "Caterpillar Responsibilities."

- Premium or overtime labor costs.

- Parts shipping charges in excess of those which are usual and customary.

- Local taxes, if applicable.

- Costs to investigate complaints, unless the problem is caused by a defect in Caterpillar material or workmanship.

- Giving timely notice of a warrantable failure and promptly making the product available for repair.

- Performance of the required maintenance (including use of proper fuel, oil, lubricants, and cooling) and replacement of items due to normal wear and tear.

- Allowing Caterpillar access to all electronically stored data.

Limitations

Caterpillar is not responsible for:

- Failures resulting from any use or installation that Caterpillar judges improper.

- Failures resulting from attachments, accessory items, and parts not sold or approved by Caterpillar.

- Failures resulting from abuse, neglect, and/or improper repair.

- Failures resulting from user's delay in making the product available after being notified of a potential product problem.

- Failures resulting from unauthorized repair or adjustments and unauthorized fuel setting changes.

(continued on reverse side...)

24 month/ unlimited hours
5 year/ 5,000 hours

POWERTRAIN ESC

Powertrain component product, transmit or control engine horsepower for moving the machine. Coverage includes several major Powertrain component categories.

Our most comprehensive coverage option, Powertrain ESC coverage includes Powertrain components (see below) as well as additional electrical and structural components.

Extended Service Coverage (ESC) is designed specifically for CAT machines and will enhance and sustain your entire ownership experience with comprehensive coverage and peace of mind. With three levels of coverage, you choose the option that best suits your needs and your budget - whether Powertrain, Powertrain-Hydraulic or our most comprehensive Powertrain ESC. Each will add valuable years and hours of operation past your standard warranty period, keeping major repair costs from negatively impacting your bottom line.

Note: The following are partial lists of machine components that are protected or excluded by Cat Insurance Extended Service Coverage. The actual dealer contract will govern.

Tuscaloosa County Commission
714 Greensboro Ave – Suite G78
Tuscaloosa, AL 35401

Gentlemen:

Thank you for your interest in selling through Ritchie Bros. Auctioneers. We have appraised your assets and tailored the following auction proposals to meet your specific needs.

Established in 1958, Ritchie Bros. Auctioneers (NYSE and TSX: RBA) is the world's largest auctioneer of heavy equipment and trucks, on-site and online. We conduct hundreds of unreserved public auctions around the world each year, selling billions of dollars of used and unused equipment. Ritchie Bros. is a profitable company with the financial strength to deliver on our commitments. We have customers in more than 190 countries and a growing network of more than 40 auction sites worldwide.

Our commitment to conducting strictly unreserved auctions and extensive marketing campaigns attract serious buyers from around the world to our auctions. Most of them are end-users with specific equipment needs; they bid with confidence at our auctions knowing every item sells to the highest bidder on auction day. A typical auction attracts many hundreds of bidders to the auction site, with hundreds more competing online in real time at rbauction.com. As a result of this global competitive bidding environment, equipment sells for its true global market value on auction day.

In the past 50+ years, we have proven that unreserved auctions offer the most effective and efficient means of creating maximum value for our consignors. Unreserved auction events offer the benefit of certain sale and payment dates for sellers; they also create a sense of anticipation and urgency among equipment buyers. Equipment that is listed "for sale" for too long or fails to meet a set reserve price at an auction is often perceived to be undesirable, and its market value falls accordingly; this does not happen at a Ritchie Bros. unreserved auction. All of our proposals are based on a fundamental belief in the unreserved philosophy.

AUCTION PROPOSAL

1. Auction date and location

We propose to sell your assets (Backhoes) by unreserved public auction during our sale on June 7, 2017.

2. Assets to be sold

The attached Schedule A represents the complete list of assets to be sold (as per your instructions) and forms the basis of our auction proposal.

**Ritchie Bros. is pleased to present the following proposal option to Tuscaloosa County
Commission Bid # 20170223002:**

Purchase with Participation

- Under this proposal Ritchie Bros. will organize and undertake the assets and sell them on June 7, 2017.
- For the attached Schedule A list of assets, Ritchie Bros. will purchase the equipment for a sum of **One hundred seventy three thousand eight hundred ten dollars (\$173,810.00)**.
- The parameters of this Purchase include:
 - At time of delivery, the condition of the assets will be equivalent to or better than when viewed by Ritchie Bros. on or about March 6, 2017 and to the conditions listed on the Schedule A.
 - All assets will be refurbished to a standard determined by Ritchie Bros. & agreed upon by both parties. Ritchie Bros. will be responsible for delivering the equipment listed on the Schedule A.
 - Ritchie Bros. Auctioneers must take delivery of the Backhoes on or before May 26, 2017 for the contract to be valid.
 - Ritchie Bros. will fund the purchase price upon delivery of the equipment to our site.

We thank you for the opportunity to provide you with our auction proposal and look forward to closely working with you to achieve the maximum return on the sale of your valued assets.

Thank you for your valued consideration.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jody Lenderman', written over a horizontal line.

GUARANTEED BUY-BACK AGREEMENT

This agreement shall apply to the following machines:

Four (4) new John Deere 410L Backhoe Loaders with ROPS cab, MFWD, heater/air conditioning, loader quick coupler, 1.31 cu. yd. loader bucket, backhoe coupler w/ 24" bucket, extendable stick, and mechanical thumb

On or before the end of five (5) years from the date of delivery or 5,000 service meter hours, whichever comes first, Warrior Tractor & Equipment Company, Inc. agrees to buy back from Tuscaloosa County the above described machines for the sum of **\$51,400.00** (per machine).

The following stipulations shall apply:

1. Machine must be enrolled in the 5 year/6,000 hour SECURE extended Powertrain & Hydraulics warranty program
2. At the time of return for buy-back, all major components must be in good operating condition.
3. Machine must be complete with all attachments.
4. Sheet metal, cosmetic, and other accidental damages shall not exceed \$750.00.
5. Rubber tires must measure at least 50% remaining on the life of the tire with a depth gauge.
6. Roll-over protection structure (ROPS) must be intact without damage or presence of welding. All glass must be intact with no cracks.
7. Tuscaloosa County Commission must adhere to all lubrication and service guide requirements in the Operator's Manual furnished with machine.

Tuscaloosa County Commission must furnish Warrior Tractor with oil samples at intervals as specified in the Operator's Manual. Oil sample kit and analysis will be furnished by Warrior Tractor per your request.
8. Tuscaloosa County Commission must give Warrior Tractor a 90-day advance written notice of their intention to exercise the buy-back option.
9. Tuscaloosa County Commission shall have the option of keeping the machine instead of exercising the buy-back.
10. Years and hours of operation specified in the agreement are to be adhered to. Warrior Tractor & Equipment Company, Inc. and Tuscaloosa County Commission representatives will inspect machine at the time of delivery. Hour meters and serial numbers will be read and recorded. At the time the buy-back option is exercised, the machine will again be inspected and hour meters and serial numbers will again be read.

for (4) JD410L Backhoes

NOW, THEREFORE, if the said contract be awarded to Principal and Principal shall, within
such time as may be specified, enter into the contract in writing and give such bond or bonds as
may be specified in the bidding or contract documents with surety acceptable to Obligees; or if
Principal shall fail to do so, pay to Obligees the damages which Obligees may suffer by reason of
such failure not exceeding the penalty of this bond, then this obligation shall be void; otherwise to
remain in full force and effect.

POWER OF ATTORNEY APPOINTING INDIVIDUAL ATTORNEY-IN-FACT

Know All Men By These Presents, That WESTERN SURETY COMPANY, a South Dakota corporation, is a duly organized and existing corporation having its principal office in the City of Sioux Falls, and State of South Dakota, and that it does by virtue of the signature and seal herein affixed hereby make, constitute and appoint

Robert W Poellnitz Jr, Walter Wayne Guy, Rick Manasco, Robert Gerald Plott, W Geoffrey Plott, Anne M Leslie, Individually

of Tuscaloosa, AL, its true and lawful Attorney(s)-in-Fact with full power and authority hereby conferred to sign, seal and execute for and on its behalf bonds, undertakings and other obligatory instruments of similar nature

- In Unlimited Amounts -

and to bind it thereby as fully and to the same extent as if such instruments were signed by a duly authorized officer of the corporation and all the acts of said Attorney, pursuant to the authority hereby given, are hereby ratified and confirmed.

This Power of Attorney is made and executed pursuant to and by authority of the By-Law printed on the reverse hereof, duly adopted, as indicated, by the shareholders of the corporation.

In Witness Whereof, WESTERN SURETY COMPANY has caused these presents to be signed by its Vice President and its corporate seal to be hereto affixed on this 23rd day of June, 2015.

WESTERN SURETY COMPANY

Paul T. Brufat

Paul T. Brufat, Vice President

State of South Dakota }
County of Minnehaha } ss

On this 23rd day of June, 2015, before me personally came Paul T. Brufat, to me known, who, being by me duly sworn, did depose and say: that he resides in the City of Sioux Falls, State of South Dakota; that he is the Vice President of WESTERN SURETY COMPANY described in and which executed the above instrument; that he knows the seal of said corporation; that the seal affixed to the said instrument is such corporate seal; that it was so affixed pursuant to authority given by the Board of Directors of said corporation and that he signed his name thereto pursuant to like authority, and acknowledges same to be the act and deed of said corporation.

My commission expires

February 12, 2021

Model Year - 2017, Standard Environment; Major Attachments-Tires, Cab, Air Conditioning; Blades/Buckets/Rippers-Ripper, Grade Control, Straight Blade

CONDITIONS

Insurance: The customer must provide evidence of physical damage and liability insurance in an amount and from an insurance carrier satisfactory to CFSC. CFSC must be named on the policies, as loss payee and additional insured, as applicable, and a certificate of insurance, in form and substance acceptable to CFSC, must be provided to CFSC.

Taxes: All taxes are the responsibility of the customer and may or may not be included in the above payment amounts. Under the CAT Master Tax Lease and CAT Long Term Rental Agreement, a lessee is required to indemnify the lessor for loss of tax benefits.

Equipment: The equipment cannot be delivered until all documents are executed by CFSC. All equipment must reside in the United States at all times.

Approval: This proposal is subject to, among other things, final pricing, credit approval and document approval by CFSC.

The terms and conditions outlined herein are not all-inclusive and are based upon information provided to date. This proposal may be withdrawn or modified by Lessor at anytime. This proposal does not represent an offer or commitment by CFSC to enter into a transaction or to provide financing, and does not create any obligation for CFSC. A commitment to enter into the transaction described herein may only be extended by CFSC after this transaction has been approved by all appropriate credit and other authorities within CFSC.

Please indicate your acceptance of this proposal by executing this proposal and returning it to my attention along with the Proposal Fee at the address below. Please be sure to indicate which financing option you have accepted.

Caterpillar Financial Services Corporation

CATERPILLAR FINANCIAL SERVICES CORPORATION ("Lessor")
CONSTRUCTION EQUIPMENT APPLICATION SURVEY

Page 1 of 2

Customer Name: _____ Location: _____
Make: _____ Model: _____ Quantity: _____ Serial Number: _____
Monthly Usage: _____ Current Hours: _____ Dealer: _____ Dealer Location: _____

***** IMPORTANT INFORMATION *****

RESIDUAL EXCEPTION REQUESTS must be submitted to Lessor for the following applications: landfill, transfer and recycling stations; demolition, scrap yards and steel mills; salt, chemical, and corrosive environments such as feed lots, dairy farms, rendering plants, mushroom farms, fertilizer and lime handling, salt water areas and all hazardous waste handling; dusty or poor underfoot conditions; all mining applications. Any applications requiring unusual attachments, unit modifications or that involve non-traditional use of the unit. Any transaction with five or more of one model.

MAJOR ATTACHMENTS:

BLADES/BUCKETS/RIPPERS:

MARKET CATEGORIES:

MANDATORY CONDITION OF THIS UNIT UPON RETURN:

Notwithstanding the provisions of
Sections xx and xx of the xx Lease

MAXIMUM USAGE:

The model listed and equipped as stated above will be operated an estimated total of _____ hours per month over a term of _____ months for total usage during the lease term of _____ hours. This total usage combined with any accumulated hours prior to the Lease inception date, as stated above under current hours, will be the total allowable machine hours for the life of the Lease and the basis for any overuse charges.

Total Lease Hours _____ + Current Hours _____ Total Allowable Machine Hours _____

OVERUSE CALCULATION:

In addition to Lessor's other rights hereunder and not in lieu thereof, Lessee shall pay Lessor additional rent for each hour in excess of the Total Allowable Machine Hours established for the Lease as stated above. This hourly rate shall be _____ per hour.

Please note: To avoid overuse charges, notify Lessor immediately of any increase in machine usage that will cause the total usage to exceed the "Total Allowable Machine Hours" as stated above. The Lease may be adjusted to reflect the correct hour usage.

REMEDY FOR RETURN CONDITION:

Lessee will be invoiced for the parts and labor based on your local Caterpillar dealer's retail prices and retail labor rates to replace tires, undercarriage components, belts and all other non-conforming components as outlined in the "REMAINING LIFE REQUIREMENTS" section of the Mandatory Condition of the Unit Upon Return. The invoiced amounts will be based on the following percentages of remaining life and is payable upon receipt of invoice:

Life Remaining	Charge to Lessee
50% or greater	No charge to Lessee
31% to 49%	50% charge to Lessee
0% to 30%	70% charge to Lessee

SEE PAGE TWO FOR ADDITIONAL TERMS AND CONDITIONS WHICH ARE PART OF THIS APPLICATION SURVEY.

Ex 3-3

LESSOR RETAINS THE RIGHT TO ASK FOR ANY AND ALL REPAIR AND MAINTENANCE RECORDS DURING THE LEASE TERM AND/OR LEASE TERMINATION. A FULL UNIT INSPECTION MAY BE CONDUCTED AT LESSEE'S EXPENSE AT ANY TIME EVIDENCE DEMONSTRATES THAT THE UNIT(S) ARE BEING ABUSED FROM NEGLECT OR MISAPPLICATION.

MANDATORY CONDITION OF THIS UNIT UPON RETURN:

Lessee agrees that each Unit, upon its return, shall:

MAINTENANCE AND GENERAL REQUIREMENTS:

- Give Lessor sixty (60) days notice prior to the Lease termination date of Lessee's intention to return any and all Units to Lessor.
- Return the Units in the same configuration, with all attachments, as when delivered at lease inception. Lessee is responsible for costs, including but not limited to, fees, taxes and duties associated with tear down, loading, shipping and unloading of Units to a site designated by Lessor.
- Ensure the Units upon return are thoroughly cleaned, steam cleaned if available, and free from all oil, hydraulic and fuel leaks.
- Operate and maintain all Units in accordance with Caterpillar Lubrication and Maintenance and Operators guide books, and insure all maintenance is performed at recommended intervals and only genuine Caterpillar filters and parts are used for all maintenance and repairs. All Units must be in good operating condition and be able to perform all tasks under rated load.
- Enroll all Units in a Caterpillar dealer Scheduled Oil Sampling (SOS) or comparable program, where available, for the entire lease, and insure all fuels, lubricants, additives, and radiator water is clean and complies with Caterpillar recommended standards.
- Ensure all Units are operated only in the applications for which they were designed and manufactured.
- Maintain a working engine hour meter at all times. Keep complete records of all hour meter changes along with major component change outs and routine maintenance and repair records.
- Ensure all service contracts are fully implemented and all maintenance and repairs are made on schedule. Product Improvement Programs (PIP's) must be complete before the Units are returned. ATTACH A COPY OF ANY AND ALL REPAIR AND MAINTENANCE CONTRACTS AND PLANNED COMPONENT REPLACEMENT PROGRAMS.
- Provide a secured place to store off-lease Units upon request of the Lessor. Provide access to the Units for purposes of maintenance and demonstration to prospective buyers at Lessor's request.

SPECIFIC TINWARE AND SAFETY REQUIREMENTS:

- Ensure the operator's compartment is clean and free of clutter. Monitoring systems (EMS, VIMS, VIDS), gauges, control levers, pedals, radio, mirrors, seats, insulation and all other contents are complete and in good working order.

- Ensure all window glass is clear, and free from cracks and major pits, all window frames, doors and weather stripping are complete, and all service access compartment covers and doors, fenders, and other flat metal or plastic surfaces are in good working order and free from dents and cracks.
- Ensure all standard Caterpillar and non-Caterpillar safety units are complete and in good working order, including but not limited to, roll over protection (ROPS) and falling object protection (FOPS) systems, seat belts, steps, safety rails, grab irons, cat walks, fire suppression systems, warning alarms, cameras and monitors.
- Ensure all electrical components, including but not limited to, wiring harness, batteries, alternators, drive belts, lighting and air conditioning systems are complete and in good working order.
- Ensure all repairs made to main structures, including but not limited to, main frames, roller frames, cab bodies, swing gears, drawbars, circles, component housings, loader arms, booms, sticks, tag links, loader linkages, truck bodies, buckets, rippers, and shovels must be accomplished in accordance with factory recommended methods and repair procedures.

REMAINING LIFE REQUIREMENTS:

- Ensure all ground engaging tools, including but not limited to, buckets, dozer blades, base cutting edges, rippers, scarifiers, drums, feet, tines, screeds, elevators, flights, forks, and top clamps have good structural integrity and have fifty percent (50%) minimum remaining life.
Return all track and rubber belted Units with a minimum of fifty percent (50%) remaining life on each and every component, including but not limited to, track shoes, links, pins, bushings, idlers, bogies, sprockets, carrier rollers, and track rollers. Belts cannot have any cuts that extend into the cords and must not be missing guide blocks or grouser bars (lugs). Charges will be assessed for each component not meeting the requirement.
- Return all rubber tire Units with a minimum of fifty percent (50%) remaining life of the original tread life of each tire. Recapped tires are not acceptable substitutes. All tires must be a matched set with the same tread type and pattern and have no significant cuts or chunking of the tread or side walls.

This Application Survey is considered to be an integral part of the Lease between Lessor and Lessee. The information obtained from this Application Survey will be of primary importance in the Lease payment schedule. Any change in the location, severity of application, annual hourly usage and/or attachments or configuration must be approved in writing by Lessor.

EX3-3

MINIMUM SPECIFICATIONS FOR MOTOR GRADER

GENERAL:

It is the intent of these specifications to set forth the minimum specifications, in accordance with manufacturer's standard published specifications for nine (9) new current production 2017 model articulated motor graders. These units, including all necessary equipment, shall be furnished complete and ready for use upon delivery. Any items or equipment not specifically set forth herein, but required for proper operation or required to meet Federal and State safety standards shall be furnished to the County at no additional cost. Any exceptions or deviations from these specifications or optional equipment shall be itemized on a separate sheet and attached to the bid proposal. Failure to outline in detail any or all exceptions or deviations to the attached bid specifications may result in the rejection of the bid. Bids will be accepted for new Caterpillar 140M3 AWD Motor Graders, John Deere 772GP AWD Motor Graders or equal.

A bid bond in the amount of 5% of the bid amount up to a maximum of \$10,000.00 must be furnished to the Tuscaloosa County Commission along with the bid submittal. Failure to provide bid bond with bid will cause bid to be rejected. Bidder may submit a cashier's check drawn on an Alabama bank to the order of the Tuscaloosa County Commission equal to 5% of the amount bid up to a maximum of \$10,000.00 in lieu of a Corporate Surety, under the same terms.

Tuscaloosa County reserves the right to purchase any quantity at the unit bid price. The quantity may increase or decrease and there will be no adjustment in the unit bid price as a result of the quantity changing.

The intention of the Tuscaloosa County Commission is to make the selection based upon the best product submitted for consideration. Awarding of the bid will not necessarily be based solely on the lowest price. Other factors that may be considered are distance to parts and service facilities, time required for delivery, performance and service records, guaranteed buyback price, the sale value of the machines currently owned by the County, and comments of previous users of the product.

Tuscaloosa County reserves the right to reject any or all bids based upon the best overall benefit to the County.

SERVICE AND WARRANTY:

Minimum warranty shall be 12 months full machine warranty and 5 year/6000 hour (whichever occurs first) extended power train and hydraulic system warranty.

Warranty is to include scheduled oil sampling at no additional charge. Vendor shall pay any costs of inspections and adjustments that may be necessary in accordance with the warranty. It is essential that repair parts and service be adequate and readily available.

Bidders shall submit a copy of the manufacturer's standard warranty and a 5 year/6000 hour extended power train and hydraulic system warranty along with a complete explanation of the warranty with their bid. Warranty shall include service response time of a maximum of 36 hours upon notification by the County. In the event that a motor grader is taken out of service due to warranty repairs, a replacement unit shall be provided at no cost to the County if the warranty repairs take more than

EX-3-3

36 hours. Parts must be available for 10 years or 10,000 hours of use for the piece of equipment bid.

PARTS AND SERVICE MANUALS:

The vendor shall furnish three (3) complete sets of parts books, two (2) complete service manuals, the vendor shall furnish a copy of the operator's manual with each unit. Units will not be accepted for delivery until the manuals as outlined above are received.

WEIGHTS:

Minimum basic operating weight with standard equipment shall not be less than 38,000 pounds which includes standard machine configuration with full fuel tank, coolant, lubricants, and operator. Basic weight shall not include any additional attachments outlined within these specifications.

POWERTRAIN:

The engine shall be a turbo-charged, direct injection, four stroke, 6 cylinder diesel engine and shall be electronically controlled. Engine displacement shall not be less than 500 cubic inches. The minimum net HP rating in each gear with AWD on shall be:

210 net HP in 1st gear
225 net HP in 2nd gear
240 net HP in 3rd gear
250 net HP in 4th gear
255 net HP in 5th gear
265 net HP in 6th gear
272 net HP in 7th gear
265 net HP in 8th gear

Engine shall meet a minimum of EPA Final Tier 4 emission regulations. The engine shall be equipped with a dual element, dry type air cleaner with a restriction indicator.

The transmission shall provide at least eight speeds in forward, and inching capability. Transmission control circuit shall be neutralized automatically when engine is turned off to prevent restarting when in gear.

MOLDBOARD:

The grader shall be equipped with a 12 foot long moldboard. All blade functions shall be hydraulically or electronically actuated. Blade shall have lift accumulators to reduce vertical impact damage. Machine shall be equipped with reversible overlay end bits.

CIRCLE:

The circle drive shall be equipped with a slip clutch for protection of the circle, drawbar and moldboard from shock. The circle shall be rotated by a hydraulically driven motor.

HYDRAULICS:

Hydraulic system shall be an electro-hydraulic, load sensing type with a variable displacement pump. Blade lift cylinders shall have independent float capability. Engine cooling fan shall be hydraulically driven with a variable speed system to increase fan speed to meet cooling requirements. All hoses shall be tagged with part numbers for ease of replacement.

Ex 3-3

ELECTRICAL:

Machine shall be equipped with a 24 volt electrical starting and operating system and include a 24 volt to 12 volt converter for a two way radio connection. Electrical system must have a master disconnect switch with a removable key.

SCARIFIER:

The machine shall be equipped with a rear mounted scarifier. The rear scarifier shall have a width of cut of no less than 7 feet with a maximum of 9 cutting teeth. The scarifier shall have a ground penetration of no less than 10 inches.

FRAME:

Machine shall have an articulated type frame. Articulation joint shall have a locking device to prevent frame articulation while servicing or transporting machine.

STEERING:

The machine shall have a fully hydraulic, 2-cylinder steering system.

AXLES AND TANDEM DRIVES:

The grader shall be all wheel drive.

WHEELS AND TIRES:

The grader shall be equipped with 17.5 x 25 L2 single star Michelin radial tires with traction tread. Tires are to be tubeless type.

BRAKES:

Service brakes shall be multi-disc, oil-cooled, sealed from water, mud and dust, and shall be adjustment free. Service brakes shall be hydraulically activated utilizing dual independent brake circuits.

OPERATOR COMPARTMENT:

The controls to operate blade lift, center shift, circle reverse, wheel lean, blade side shift, blade tip and all attachments shall be either fully hydraulic or hydro-electronically operated.

The machine shall be equipped with an automatic cross slope control system that is controlled from the operators' station. This system shall allow the operator to manually control either the left or right side of the blade and automatically control the other side. The ROPS cab shall include the following: heater, defroster, air conditioner, AM/FM/Weather Band radio, wipers/washers, fully adjustable air ride seat, seat belt, inside mounted wide angle rear view mirror, automatic return to center articulation control, full display and gauge cluster, laminated glass and auxiliary 12 volt power port. A multi-level warning, electronic monitoring system (EMS) shall be provided to monitor machine functions.

Cab doors shall have a hold-open clasp with a ground-level release in addition to a release in the cab. Cab shall have wipers with washers on the front and rear windows.

INSTRUMENTS:

The grader shall be equipped with the following instruments: engine coolant temperature, fuel level, frame articulation, engine oil pressure, hour meter, transmission oil temperature, and volt meter. Gauges or lights shall be located inside the cab.

EXP-3

SERVICEABILITY:

Fuel fill shall be performed from ground level. Left and right tandem case assemblies shall be covered with punched steel plate to provide adequate platform for standing and walking.

MISCELLANEOUS:

Toolbox with padlock, vandalism protection complete with locks for hydraulic tank, radiator cap, fuel tank, cab doors and locking engine compartment doors. Machine shall be equipped with headlights, stop lights, front and rear working lights, turn signals, rear mounted pull hitch, and back up alarm.

Machine shall be equipped with a rear view camera system for the operator to see what is behind the machine. Monitor for the camera shall be mounted in easy view of the operator while seated in the cab. The camera shall activate automatically when the transmission is engaged in reverse.

DELIVERY:

Delivery could be a factor in awarding of the bid. Please state delivery date of specified equipment.

TRADE-IN, INDIVIDUAL BIDS, OR AUCTION CONSIGNMENT

The Tuscaloosa County Commission will accept trade-in bids, individual bids, and guaranteed auction consignment proposals on ten 2014 John Deere 772GP motor graders. The County reserves the option to trade the motor graders in on new motor graders, sell the motor graders individually, or consign the motor graders to a licensed auctioneer at a guaranteed minimum price. Tuscaloosa County will continue to use the motor graders until new replacement motor graders are placed into service. The used motor graders will be available for pickup upon delivery of new replacement motor graders by the selected dealer. Motor graders will be made available for pickup in the same condition they were on the bid date. A bid bond, cashier's check, bank letter of credit, or other type security approved by the County Commission shall be required for all motor graders for which a bid or auction consignment proposal is submitted. Appointments may be made to inspect the graders by contacting Mr. Kris Connell, Shop Superintendent at 722-0569

BUYBACK OPTION

Vendors shall submit a guaranteed buyback price at a minimum of 3 years or 5,000 hours (whichever comes first) and a guaranteed buy back price at a minimum of 4 years or 7,000 hours (whichever comes first) from the date of delivery to Tuscaloosa County. Vendor shall furnish a performance bond or an executed buyback agreement in the amount of the buyback price. The County reserves the right to accept or reject this option based upon the best overall benefit for the County.

GUARANTEED BUY-BACK AGREEMENT

This document is to serve as a Guaranteed Buy-Back Agreement between Thompson Tractor Company, Inc. and the Tuscaloosa County Commission.

This agreement shall apply to the following machines:

Nine (9) Caterpillar 140M3 AWD Motor Graders. Equipped with ROPS cab, air conditioning, 12' moldboard, cross slope control, rear ripper, 17.5R 25 tires

Serial Numbers:

_____	_____
_____	_____
_____	_____
_____	_____
_____	_____

On or before the end of 3 years or 5,000 service meter hours, whichever occurs first Thompson Tractor Company, Inc. agrees to buy-back from the Tuscaloosa County Commission the above described machine for the sum of **\$185,800.00** Each

On or before the end of 4 years or 7,000 service meter hours, whichever occurs first Thompson Tractor Company, Inc. agrees to buy-back from the Tuscaloosa County Commission the above described machine for the sum of **\$166,500.00** Each

The following stipulations shall apply:

1. Machine must be enrolled in the Caterpillar 5 year or 6,000 hour Extended Powertrain and Hydraulic Warranty Program.
2. At time of return for buy-back, all major components (engine, transmission, hydraulics, axles, brakes, etc...) must be free from damage and in good operating condition.
3. Machine shall be complete with all attachments and accessories as outlined in the bid specifications and delivered to the commission. These tools must be returned with a minimum of 50% wear life remaining.
4. Sheet metal, cosmetic, and other accidental damage shall not exceed \$500.00.
5. Rubber tires must measure at least 50% remaining on the life of the tire with a depth gauge.
6. All safety related items must be intact and functional. These items include back-up alarms, glass seatbelts, parking and service brakes. Roll Over Protective Structure (ROPS) must be intact without damage or presence of welding.

Exp3-3

March 8, 2017

Tuscaloosa County Commission
714 Greensboro Avenue
Tuscaloosa, AL 35402

Gentlemen:

I am pleased to provide you with a quote for nine (9) new 2017 model John Deere 772GP motor graders. Along with standard specifications, these units are equipped as follows:

One (1) new Deere 772GP motor grader

- Grade Pro electro-hydraulic controls
- All wheel drive
- JDLink Ultimate w/ 5 years service included
- 9.0L engine; EPA Final Tier 4 certified
- Autoshift transmission
- Black engine exhaust stack
- Standard fuel & water filtration
- 200 AMP alternator
- Grade Pro low cab w/ lower front & side opening windows
- 24-to-12 volt converter (30 amps)
- AM/FM radio w/ CD and WB
- Lower front wiper & washer
- GP premium heated, high-wide back air-suspension seat
- Deluxe grading lights (18 halogen lights)
- 12ft. x 24in. x 7/8in. moldboard w/ 6in. x 5/8in. cutting edge
- Reversible overlay end bits
- Blade impact absorption system
- Circle nylon wear inserts
- Circle drive w/ slip clutch
- Grade Pro controls w/ aux. for rear ripper/scarifier attachment

GUARANTEED BUY-BACK AGREEMENT

This agreement shall apply to the following machines:

Nine (9) new John Deere 772GP Motor Graders with cab and heater/air conditioning, 17.5R 25 Michelin radial tires, 12' moldboard, and rear-mounted scarifier.

On or before the end of three (3) years from the date of delivery or 5,000 service meter hours, whichever comes first, Warrior Tractor & Equipment Company, Inc. agrees to buy back from Tuscaloosa County the above described machines for the sum of **\$222,950.00** (per machine).

The following stipulations shall apply:

1. Machine must be enrolled in the 5 year/6,000 hour SECURE extended Powertrain & Hydraulics warranty program.
2. At the time of return for buy-back, all major components must be in good operating condition.
3. Machine must be complete with all attachments.
4. Sheet metal, cosmetic, and other accidental damages shall not exceed \$1,500.00.
5. Rubber tires must measure at least 50% remaining on the life of the tire with a depth gauge, and all tires per unit must be a matched Michelin set.
6. Roll-over protection structure (ROPS) must be intact without damage or presence of welding. All glass must be intact with no cracks.
7. Tuscaloosa County Commission must adhere to all lubrication and service guide requirements in the Operator's Manual furnished with machine. All grease zerks and lines must be intact and accepting grease.

Tuscaloosa County Commission must furnish Warrior Tractor with oil samples at intervals as specified in the Operator's Manual. Oil sample kit and analysis will be furnished by Warrior Tractor per your request.

8. Tuscaloosa County Commission must give Warrior Tractor a 90-day advance notice of their intention to exercise the buy-back option.
9. Tuscaloosa County Commission shall have the option of keeping the machine instead of exercising the buy-back.
10. Years and hours of operation specified in the agreement are to be adhered to. Warrior Tractor & Equipment Company, Inc. and Tuscaloosa County Commission representatives will inspect machine at the time of delivery. Hour meters and serial numbers will be read and recorded. At the time the buy-back option is exercised, the machine will again be inspected and hour meters and serial numbers will again be read.

POWER OF ATTORNEY APPOINTING INDIVIDUAL ATTORNEY-IN-FACT

Know All Men By These Presents, That WESTERN SURETY COMPANY, a South Dakota corporation, is a duly organized and existing corporation having its principal office in the City of Sioux Falls, and State of South Dakota, and that it does by virtue of the signature and seal herein affixed hereby make, constitute and appoint

Robert W Poellnitz Jr, Walter Wayne Guy, Rick Manasco, Robert Gerald Plott, W Geoffrey Plott, Anne M Leslie, Individually

of Tuscaloosa, AL, its true and lawful Attorney(s)-in-Fact with full power and authority hereby conferred to sign, seal and execute for and on its behalf bonds, undertakings and other obligatory instruments of similar nature

- In Unlimited Amounts -

and to bind it thereby as fully and to the same extent as if such instruments were signed by a duly authorized officer of the corporation and all the acts of said Attorney, pursuant to the authority hereby given, are hereby ratified and confirmed.

This Power of Attorney is made and executed pursuant to and by authority of the By-Law printed on the reverse hereof, duly adopted, as indicated, by the shareholders of the corporation.

In Witness Whereof, WESTERN SURETY COMPANY has caused these presents to be signed by its Vice President and its corporate seal to be hereto affixed on this 23rd day of June, 2015.

WESTERN SURETY COMPANY

Paul T. Bruflat
Paul T. Bruflat, Vice President

Authorizing By-Law

ADOPTED BY THE SHAREHOLDERS OF WESTERN SURETY COMPANY

This Power of Attorney is made and executed pursuant to and by authority of the following By-Law duly adopted by the shareholders of the Company.

Section 7. All bonds, policies, undertakings, Powers of Attorney, or other obligations of the corporation shall be executed in the corporate name of the Company by the President, Secretary, and Assistant Secretary, Treasurer, or any Vice President, or by such other officers as the Board of Directors may authorize. The President, any Vice President, Secretary, any Assistant Secretary, or the Treasurer may appoint Attorneys in Fact or agents who shall have authority to issue bonds, policies, or undertakings in the name of the Company. The corporate seal is not necessary for the validity of any bonds, policies, undertakings, Powers of Attorney or other obligations of the corporation. The signature of any such officer and the corporate seal may be printed by facsimile.

March 8, 2017

Tuscaloosa County Commission
714 Greensboro Ave – Suite G78
Tuscaloosa, AL 35401

Gentlemen:

Thank you for your interest in selling through Ritchie Bros. Auctioneers. We have appraised your assets and tailored the following auction proposals to meet your specific needs.

Established in 1958, Ritchie Bros. Auctioneers (NYSE and TSX: RBA) is the world's largest auctioneer of heavy equipment and trucks, on-site and online. We conduct hundreds of unreserved public auctions around the world each year, selling billions of dollars of used and unused equipment. Ritchie Bros. is a profitable company with the financial strength to deliver on our commitments. We have customers in more than 190 countries and a growing network of more than 40 auction sites worldwide.

Our commitment to conducting strictly unreserved auctions and extensive marketing campaigns attract serious buyers from around the world to our auctions. Most of them are end-users with specific equipment needs; they bid with confidence at our auctions knowing every item sells to the highest bidder on auction day. A typical auction attracts many hundreds of bidders to the auction site, with hundreds more competing online in real time at rbauction.com. As a result of this global competitive bidding environment, equipment sells for its true global market value on auction day.

In the past 50+ years, we have proven that unreserved auctions offer the most effective and efficient means of creating maximum value for our consignors. Unreserved auction events offer the benefit of certain sale and payment dates for sellers; they also create a sense of anticipation and urgency among equipment buyers. Equipment that is listed "for sale" for too long or fails to meet a set reserve price at an auction is often perceived to be undesirable, and its market value falls accordingly; this does not happen at a Ritchie Bros. unreserved auction. All of our proposals are based on a fundamental belief in the unreserved philosophy.

AUCTION PROPOSAL

1. Auction date and location

We propose to sell your assets (Motor Graders) by unreserved public auction during the second quarter of 2017.

2. Assets to be sold

The attached Schedule A represents the complete list of assets to be sold (as per your instructions) and forms the basis of our auction proposal.

Ex 3-3

Ritchie Bros. is pleased to present the following proposal option to Tuscaloosa County Commission Bid # 20170223001:

Purchase with Participation

- Under this proposal Ritchie Bros. will organize and undertake the assets and sell them during the second quarter of 2017.
- For the attached Schedule A list of assets, Ritchie Bros. will purchase the equipment for a sum of **One million four hundred thousand one hundred forty dollars (\$1,400,140.00)**.
- The parameters of this Purchase include:
 - At time of delivery, the condition of the assets will be equivalent to or better than when viewed by Ritchie Bros. on or about March 6, 2017 and to the conditions listed on the Schedule A. All "Not Viewed" motor graders are to be equal to or better condition than those inspected.
 - All assets will be refurbished to a standard determined by Ritchie Bros. & agreed upon by both parties. Ritchie Bros. will be responsible for delivering the equipment listed on the Schedule A.
 - Ritchie Bros. Auctioneers must take delivery of the motor graders on or before May 26, 2017 for the contract to be valid.
 - Ritchie Bros. will fund the purchase price upon delivery of the equipment to our site.

We thank you for the opportunity to provide you with our auction proposal and look forward to closely working with you to achieve the maximum return on the sale of your valued assets.

Thank you for your valued consideration.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jody Lenderman', written over a horizontal line.

This Agreement is made by and between MULBERRY FORK MITIGATION HOLDINGS, LLC (hereinafter MFMH) and Tuscaloosa County (hereinafter PERMITTEE).

PERMITTEE agrees to purchase and MFMH agrees to provide 2,550 stream mitigation credits from Mulberry Fork Mitigation Bank as required by PERMITTEE'S U.S. Army Corps of Engineers permit #SAM-2009-01333-CMS.

As consideration for the above-referenced mitigation credits, PERMITTEE agrees to pay MFMH the sum of \$152,989 on or before March 31, 2017.

This Agreement is made this ____ day of March, 2017.

Tuscaloosa County Commission
714 Greensboro Avenue
Tuscaloosa, AL 35401

Dear Judge McCollum and Commissioners:

FOCUS on Senior Citizens of Tuscaloosa County requests a capital grant allotment from the Commission, to meet an Alabama Department of Transportation grant matching requirement, for the purchase of two vans for our transportation fleet. FOCUS offers transportation services, from county line to county line, to persons 60 and older. Our clients are typically the elderly needing rides to and from medical appointments, social services agencies and our 3 low cost nutrition sites within the city of Tuscaloosa. Transportation is a critical need for many diabetic seniors who rely on kidney dialysis as well as the wound care and diabetes clinics at DCH. In addition, FOCUS transports many clients to and from the Manderson Cancer at DCH as well as other local physicians' offices. We literally keep people alive.

Cost of Two Vans	\$91,458.00
- 80% Funded via ALDOT Grant	(73,166.40)
= 20% Capital Grant Match needed	\$18,291.60
Grant funds from United Way of West AL	(\$5,000)
Grant funds from Alabama Power Co.	(\$1,000)
Grant funds Exchange Club	(\$1,000)
Grant funds from private citizen	(\$300)
Funds requested of Commission	\$10,991.60

Sincerely,

P. Morgan Mann, CPA
Executive Director
