SECRETARY OF STATE

June 1, 2017

The Honorable W. Hardy McCollum
P. O. Box 20067
Tuscaloosa, AL 35402

Dear Judge:

Throughout my life, I have always been a strong believer in fiscal responsibility and local control. In my three years as the Assistant Director for the Tuscaloosa County Industrial Development Authority and in my sixteen year role as Director of Community Relations and Community Education for the Tuscaloosa County Board of Education, I learned the importance of county governance and local control. As a state legislator, I always promoted and supported local control and as your Secretary of State I will continue to support local control and local governance.

Toward the end of the last legislative session, I received several comments and specific concerns regarding a completely optional program included in Senate Bill 108, the bill prohibiting a voter from switching parties between the primary and the runoff. The optional program allows a county to voluntarily utilize an electronic poll book instead of the printed poll list on Election Day. To make the choice of utilizing the poll book, your county commission may opt in by passing a resolution. **Without your approval, the same printed poll list will be used in your county.**

The Secretary of State's Office assisted 22 counties participating in the Poll Book Pilot Project, during the November 2016 General Election, and saw the benefits of the poll book on accuracy, decreasing poll lines, and efficiency in elections. Please note that in all participating counties, from the most rural to the most urban, **there were not reported instances of concern regarding the use of the electronic poll book.** The Secretary of State's Office is not mandating any county participate or incur any expenses with this optional program **now or in the future.**

In addition to being optional, our office is currently the repository of federal Help America Vote Act (HAVA) money for 61 of Alabama's 67 counties. Of those 61 counties, 43 counties appear to have enough remaining HAVA money to fully fund county wide implementation of the electronic poll books.

If you ever receive questionable or incorrect information in the future, please do not hesitate to contact me directly to discuss this program or any other information you receive. I look forward to continuing to work with each one of your 67 counties to make our Alabama better.

If you have any questions, please contact me at (334) 242-7200.

Sincerely,

John H. Merrill
Secretary of State
