RE: Overhead Shop Crane Bid

Mr. Robert H. Johnston,

CRANE AMERICA SERVICES is pleased to present the following for your review and consideration:

- 1- We will remove your hoist/ trolley assembly and replace with a new 2 ton (4000#) Stahl hoist/ trolley assembly. This hoist is 2 speed, 20/ 3.3 FPM, 230 Volt 3 Phase, H4 rated, with upper and lower limit switches .
- 2- We will remove your conductor bar feeding the hoist/ trolley and replace it with flat cable festooning. This is a better system, and costs less than replacing the conductor bar.
- 3- We will remove your runway conductor bar and replace with new 4- conductor bar, (Has green cover on the ground bar) including hangers, caps, power feed, and collectors.
- 4- We will repair your bridge drive gearbox, including removing gearing and repairing/ replacing brass bushings, and reassembling drive motor.

Total cost:

**\$12,046.00\***

\*If motor needs repair, this would be the only additional cost. There is no way to accurately quote any needed repair without sending it to a motor shop.

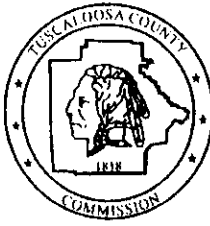

Thank you for the opportunity to present this proposal and we look forward to your reply.

Sincerely,  
Crane America Services

**Purpose of Appraisal:**

The purpose of the appraisal is to estimate the market value of that portion of the subject property to be acquired by the Tuscaloosa County, County Engineer, taking into consideration the unit value of the whole property (or larger parcel) from which the required portion is taken. Consideration is given to the value of any minor improvements within that portion to be acquired. **This appraisal will not be used where there are any damages to the remainder other than minimum damages which can be measured by the Cost-to-Cure method.**

**Property Rights Appraised:** Fee Simple Surface Rights Only

**Definition of Market Value:**

The price the property would bring when offered for sale by a willing seller who is not forced to sell and which is sought by a willing buyer who is not required to buy, after due consideration of all the elements affecting value. (Code of Alabama 18-1A-172)

**Present Use:** Residential

**Highest & Best Use:** Residential - No zoning, located in county

**Description of Taking:** The proposed acquisition contains 0.14 acres that starts at the Southeast property line and runs parallel to the present County Road 65 right-of-way to a Northwest area just above present Big Sandy Creek. The taking is 600 feet in length and 10 feet in width. There is approximately 600 linear feet of 3-strand barbed wire fencing on metal and creosote posts in the proposed acquisition.

**Please Note:**

This is a limited appraisal according to Standard Rule 1 invoking the noted departure provisions and was prepared as a summary appraisal report under Standard rule 2-2(c). In compliance with SR 2-2(c)(xi), the following statement applies to this report: **The employee appraiser was given this appraisal assignment by the employer Tuscaloosa County with the understanding that certain allowable departures can be made from said "Uniform Standards". These include certain departures from "Standards Rules 1-2, 1-3, 1-4, and 2-4" as follows:**

- 1-2(c) - regarding only encumbrances, leases, contracts, declarations, and assessments which are not considered and not within the scope of this report.
- 1-2(d) - see Purpose of Appraisal.
- 1-2(e) - personal property, trade fixtures, and intangibles are not within the scope of this report.
- 1-3(b) - see comment on this guideline in USPAP.
- 1-4(b) - (iv) thru (vi) and 1-4 (c) and (d) do not apply to acquisitions covered by this type of appraisal.
- 1-4(e) - see Purpose of Appraisal.
- 1-4(f) - see Certificate of Appraiser; the Jurisdictional Exception applies.
- 1-4(h) - does not apply to appraisals for Eminent Domain
- 2-4 - does not apply to this written report. A complete before and after appraisal will be required should court testimony be required.

Regarding Standards Rule 2-2(c)(vi), it is understood between employer Alabama Department of Transportation and employee appraiser that the extent of data collection is self evident from the Master File (which is considered an addenda to this report) or other referenced supplemental information.

Regarding Standards Rule 2-2(c)(xi), the income approach is not applicable to those takings suitable for the Value Finding Appraisal, and the cost approach is used only where necessary for minor improvements.

I Hereby Certify:

That I have personally inspected the property herein appraised and that I have also made a personal field inspection of the comparable sales relied upon in making said appraisal. The subject and the comparable sales relied upon in making said appraisal were as represented in said appraisal or in the data book or report which supplements said appraisal.

That to the best of my knowledge and belief the statements contained in the appraisal herein set forth are true, and the information upon which the opinions expressed therein are based is correct, subject to the limiting conditions therein set forth.

That I understand that such appraisal may be used in connection with the acquisition of right of way for a project to be constructed by the State of Alabama with the assistance of Federal-aid highway funds, or other Federal funds.

That such appraisal has been made in conformity with the appropriate State laws, regulations and policies and procedures applicable to appraisal of right of way for such purposes; and that to the best of my knowledge no portion of the value assigned to such property consists of items which are noncompensable under the established law of said State.

That neither my employment nor my compensation for making this appraisal and report are in any way contingent upon the values reported herein.

That I have no direct or indirect present or contemplated future personal interest in such property or in any benefit from the acquisition of such property appraised.

That I have not revealed the findings and results of such appraisal to anyone other than the proper officials of the acquiring agency of said State or officials of the Federal Highway Administration and I will not do so until so authorized by said officials, or until I am required to do so by due process of law, or until I am released from this obligation by having publicly testified as to such findings.

That the owner or the owner's designated representative was given an opportunity to accompany the below signed appraiser during his or her inspection of the captioned property.

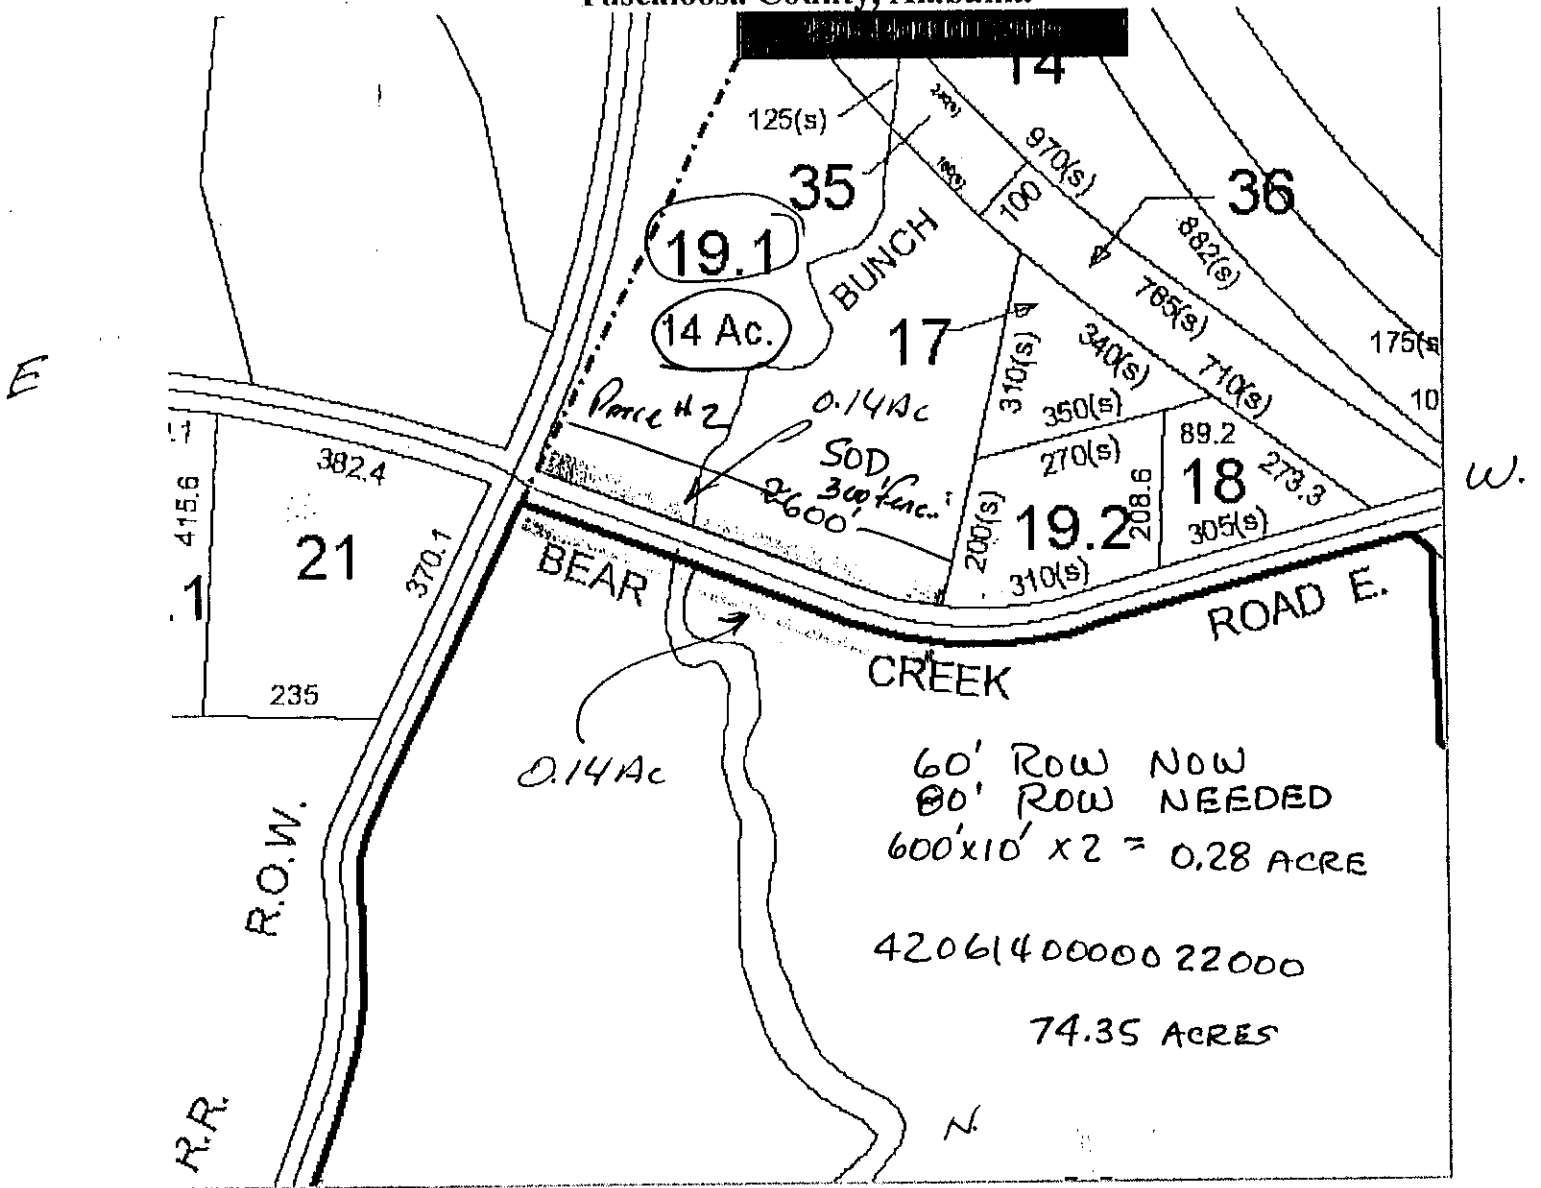

That any decrease or increase in the fair market value of real property prior to the date of valuation caused by the public improvement for which said property is acquired, or by the likelihood that the property would be acquired for such improvements, other than that due to physical deterioration within the reasonable control of the owner, was disregarded in determining the compensation for the property.

That my opinion of just compensation for the acquisition as of the 16th day of May, 2003, is \$2,600.00, based upon my independent appraisal and the exercise of my professional judgment.
