Re: VFD Funding

Dear Commission:

On behalf of the Tuscaloosa County Fire Protection Association, the Board is requesting additional assistance for volunteer fire departments in our county for this year. It has come to our attention that some of the departments could use supplemental funding to meet equipment or debt service needs.

Therefore, we are requesting that the Commission fund each Department with an additional \$3,000 for equipment or debt service, in addition to the funds already appropriated by the Commission this year.

Your volunteer fire departments serve thousands of people in our county each year. Due to their efforts, many families enjoy lower insurance premiums today. The Commission's assistance in this additional appropriation for 2005 - 2006 would be greatly appreciated.

Sincerely,
Sharon Hall, Secretary for

RE: OLD DUMPSTER SITE (HOLT ROAD)

Dear Judge McCollum and Commissioners,

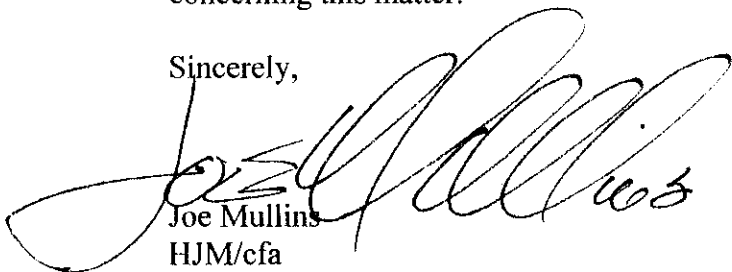

Back in 1987, the County purchased a small parcel of property, 0.78, acres adjoining the Kansas City Southern Railroad and Holt Road from Mr. John Brown (See attached tax map with parcel highlighted).

Mr. Brown still owns the property to the West that adjoins the old dumpster site and is asking the commission to sell the site back to him at this time. Three years ago, Mr. Brown requested that the commission deed this parcel back to him since the dumpster program had been abandoned. The commission took the position that since Mr. Brown was paid for the site, he should pay the County back what he was paid for the site, which was \$7,500.00.

Today, Mr. Brown is coming before you with a request to purchase the old dumpster site back for the original amount paid by the commission. Enclosed is a cashier's check for \$7,500.00, a copy of the tax map showing the site and a copy of the deed from Mr. Brown to Tuscaloosa County.

I want to on the behalf of Mr. Brown and myself, to thank each of you for your consideration concerning this matter.

Sincerely,

Joe Mullins
