Title: Truck Sales

Date: October 11, 2000

consign the dump trucks to a licensed auctioneer at a guaranteed minimum price. The County also reserves the right to accept or reject the bids on any individual trucks. Tuscaloosa County will continue to use these dump trucks until new replacement dump trucks are placed in service. The used dump trucks will be available for pickup upon delivery of new replacement dump trucks by the selected dealer. Dump trucks will be made available for pickup in the same condition they were on the bid date. A bid bond, cashier's check, bank letter of credit, or other type security approved by the County Commission shall be required for all dump trucks for which a bid or auction consignment proposal is submitted. Appointments may be made to inspect the dump trucks by contacting Mr. Jack Miles, Shop Superintendent at 345-6600.

**BUYBACK OPTION:**

Bidders shall submit a guaranteed buyback price at a minimum of 1 year or 40,000 miles (whichever occurs first) from the date of delivery to Tuscaloosa County. The vendor selected shall furnish a performance bond or an executed buyback agreement in the amount of the buyback price. The County reserves the right to accept or reject this option based on the best overall benefit for the County.

Southland International Trucks, Inc. will guarantee a buy-back bid on the trucks we are bidding, one year or 40,000 miles from the delivery date of the trucks at a FAIR MARKET VALUE which will be negotiated twelve months from the delivery date. This is based on an IRS ruling that the selling dealer can NOT predetermine values on Federal Excise Exempt customer's trucks.

## RESOLUTION AND AGREEMENT TO PARTICIPATE IN THE JOINT BIDDING PROGRAM FOR COUNTIES

WHEREAS, the Alabama Legislature enacted Act No. 2000-153 during the 2000 Regular Session, which act authorizes two or more counties in the state to enter into agreements for the joint bidding and purchase of items required to be bid under Alabama's competitive bid law (Code of Alabama 1975, § 41-16-50 et seq.); and

WHEREAS, the Association of County Commissions of Alabama (hereinafter "the Association") has agreed to administer a joint bidding program for counties pursuant to Act No. 2000-153 for the joint bidding of certain equipment, materials, and supplies required to be competitively bid under Alabama's competitive bid law; and

WHEREAS, pursuant to Code of Alabama 1975, § 41-16-21.1 and § 41-16-50, each county desiring to participate in this county joint bidding program is required to adopt a similar resolution, signifying its desire to participate and its agreement to the terms and conditions of participation; and

WHEREAS, the Tuscaloosa County Commission desires to join and participate in the county joint bidding program and understands and agrees to the procedures as set out below:

(1) That the Association of County Commissions of Alabama, a non-profit organization devoted to providing support and services to its membership of the 67 counties in Alabama, shall provide administrative services to the program, and in this regard, shall

- oversee the development of written specifications for each item to be bid,
- provide notice by mail to respective bidders for each item to be jointly bid as required by law,
- open bids pursuant to bid specifications at its office at 100 North Jackson Street in Montgomery, Alabama, and
- provide other services as necessary excluding the awarding of the contracts.

(2) That in order to participate, the Tuscaloosa County Commission shall forward to the Association the names and addresses of each person or company who has submitted a written request to be included in solicitations of bids for a particular item (its "vendor list"), and that following receipt of said vendor lists, the Association shall mail appropriate bid specifications to each applicable person or company if that particular item is being bid, as provided in Code of Alabama 1975, § 41-16-54.

(3) That in compliance with Code of Alabama 1975, § 41-16-54, the Tuscaloosa County Commission shall not be eligible to purchase an item under a contract awarded through the

program unless it has provided the Association with its vendor list for that item, if such a list is held by the county.

(4) That the Association will provide the county with a notice of each solicitation for bid and in compliance with Code of Alabama 1975, § 41-16-54, the Tuscaloosa County Commission shall post said notice on a bulletin board in the county's purchasing office.

(5) That in compliance with Code of Alabama 1975, § 41-16-54, the Tuscaloosa County Commission agrees that it shall not be eligible to purchase an item under a contract awarded through the program unless it has posted such notice.

(6) That following the opening of bids, a designated county commission will serve as awarding authority for the program and shall determine the lowest responsible bidder and award any contract bid through the program at a regular meeting of the designated county commission as announced at the opening of bids.

(7) That the Association of County Commissions of Alabama shall not serve as the awarding authority for any item bid through the program.

(8) That participation in the county joint bidding program is strictly voluntary, and that, subject to the conditions set out in paragraphs 2, 3, 4, and 5, once a contract has been awarded for a particular item bid through the program, the Tuscaloosa County Commission may purchase that item during the contract period under the terms of and at the price established under the contract, but shall not be required to purchase any particular item under the contract awarded through the program.

(9) That if the Tuscaloosa County Commission decides to purchase an item other than through the program, it must separately bid that item if such bidding is required by Alabama's competitive bid law.

(10) That following the award of a contract under the county joint bidding program, purchases of items through the program by the Tuscaloosa County Commission shall be made directly from the successful bidder by the county pursuant to its own purchasing policy, and that there shall be no joint purchasing agent representing the program or any counties participating in the program.

(11) That the Tuscaloosa County Commission shall remain a member of the program so long as it desires and agrees to participate in this joint bidding agreement under its terms and conditions, and that the Tuscaloosa County Commission shall give at least thirty (30) days notice to the Association of County Commissions of Alabama of its intent to terminate its participation in the program.

(12) That at the expiration of the thirty days termination notice, the Tuscaloosa County Commission shall be removed from the program and from any correspondence or advertisement regarding the program or any item to be bid under its terms and conditions.

(13) That following its termination from the program, the Tuscaloosa County Commission shall not be eligible to make purchases under the terms and at the cost of the contract award for a particular item, and will be required to bid each item on its own under the requirements of Alabama's competitive bid law.

(14) That this resolution, once adopted by the Tuscaloosa County Commission, shall serve as its agreement and contract with all other counties participating in the county joint bidding program for the joint bidding of certain items required to be bid under Alabama's competitive bid law.

(15) That prior to soliciting any bids for items to be jointly bid under the county joint bidding program, the Association shall forward a list of all participating counties to the Office of Examiners of Public Accounts.

To: ENGINEERING DEPARTMENT  
TUSCALOOSA, ALABAMA

We, the undersigned petitioners of the Lake Retreat area, desperately need our road made safe for our children who ride the school bus, for our own vehicle traffic and the many visitors that use the road known as Mountain View Lane/Cedar Hill Drive. The road is washed out in places so that two cars cannot pass safely. The road has been scrapped down to rock in a lot of places so that when it rains, the soil is washed away and the large rocks protrude and cause damage to cars. We respectfully ask that our road be made safe.

Please give our petition your consideration.
